

THE WAR HAS COST THE JAPANESE \$76,000,000 AND 9,000 MEN.

For neutral powers another correct definition of war is that it is a business. The war has cost the Japanese \$76,000,000 and 9,000 men.

The man who shot himself because he couldn't get a drink could only have been half dead.

The New York woman who was tickled under the chin wasn't tickled a bit, and she had the fellow arrested.

A granddaddy of Jefferson Davis is to be married to a military general. Let us, however, have some more peace.

As a bull weevil exterminator the Gwentian anti is a failure. The bull weevil is proof against both ants and wasps.

It seems that they really have "society journals" in Japan. Those people have not advanced so much as we imagined.

Puglist O'Brien made the mistake of trying to knock Pizazz Pizazz out by hitting him on his favorite mouth.

There is a boy in Boston who has mastered nine of the dead languages, but he can't look at a statue of Venus without swooning.

The divorce industry is the only one where an increased number of partnership dissolutions marks an increase in the volume of business.

The sweet girl graduate can never hope to put anything better into her "commencement paper" than she always put into her curl paper.

A recent writer wants to know "how far away are the stars?" The "closer" sort are generally to be found in close proximity to the front row.

There's no denying that Col. Young-Dusband will be able to write a very interesting book, if he reaches Lhasa and then gets safely out of Tibet.

You can hear a fly walk by the use of the microphone. In the absence of the instrument his presence may be detected by the possession of a handkerchief.

Col. Young-Dusband's column took an icy pass in Tibet the other day. It appears that the icy pass was the only thing which could be taken at that time.

If published figures are not at fault, the consumption of beer in Germany has risen during the last twenty-two years nearly 40 per cent. Vat det matter is?

The annual reports of hatteresses as large as hens' eggs are at hand from several sections of the country, as yet, none are reported as small as roasts of beef.

IN CAMP.

M. N. G. and Resgare in Camp Barton at Lindstrom.

The state camp at Lindstrom is now in full swing. The first contingent in camp four companies of the First U. S. Infantry, a battery from Fort Sheridan, eight companies, headquarters at Lindstrom, and headquarters at Chicago.

The camp is generally situated. The houses are only about 100 feet apart. The camp is an abundance of water supply through the camp. Amusement is furnished.
