MY BABY WAS SICK

My baby is 4 months old and is teething. He was sick and I tried a good many things, but nothing seemed to relieve him.

I had a doctor, who said it was inflammation of the bowels, and that I would never pull him through—perhaps, if he was under his care. When I saw he was getting worse I stopped giving him his medicine, as he could keep nothing on his stomach. He was troubled with colic very much, and used to scream when he had a touch of it. I did not know what it was to close my eyes, day or night. I gave him a few drops of LAXAKOLA and it relieved him. I gave it to him a few times and it worked like a charm, and he is now perfectly fair all night. He is a great deal better looking baby since I gave him LAXAKOLA, and I think if all mothers knew how good it was they would use nothing else.—Mrs. MARY DALEY.

TRUSSES
THE RIGHT KIND TO BUY.

you can buy Trusses for almost nothing, or you can pay a very high price for them; but the price of a Truss does not prove that it is going to be the Truss which you need. Every case has to be fitted individually. That is where we have our big success with Trusses. No one goes out of our store with a Truss that does not fit perfectly. Therefore a great many people are wearing our Trusses and sending their friends to us for Trusses. If you are wearing a Truss and it does not feel right or stay in the right place come in and see us about it We will tell you whether it is the right Truss for you to wear.
