

Miss Rose Peterson, Secretary Parkdale Tennis Club, Chicago, from experience advises all young girls who have pains and sickness peculiar to their sex, to use Lydia E. Pinkham's Vegetable Compound.

How many beautiful young girls develop into worn, listless and hopeless women, simply because sufficient attention has not been paid to their physical development. No woman is exempt from physical weakness and periodic pain, and young girls just budding into womanhood should be carefully guided physically as well as morally.

If you know of any young lady who is sick, and needs motherly advice, ask her to write to Mrs. Pinkham at Lynn, Mass., who will give her advice free, from a source of knowledge which is unequalled in the country. Do not hesitate about stating details which one may not like to talk about, and which are essential for a full understanding of the case.

Miss Hannah E. Mershon, Collingswood, N. J., says:

"I thought I would write and tell you that, by following your kind advice, I feel like a new person. I was always thin and delicate, and so weak that I could hardly do anything. Menstruation was irregular. I tried a bottle of your Vegetable Compound and found to feel better right away. I continued its use, and am now well and strong, and menstruate regularly. I cannot say enough for what your medicine did for me."

How Mrs. Pinkham Helped Fannie Kumpe.

"DEAR MRS. PINKHAM:—I feel it is my duty to write and tell you of the benefit I have derived from your advice and the use of Lydia E. Pinkham's Vegetable Compound. The pains in my back and womb have all left me, and my menstrual trouble is corrected. I am very thankful for the good advice you gave me, and I shall recommend your medicine to all who suffer from male weakness." —Miss FANNIE KUMPE, 1922 Chester St., Little Rock, Ark. (Dec. 16, 1900)

Lydia E. Pinkham's Vegetable Compound will cure any woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, nervous prostration, and all forms of woman's special ills.

\$5000 FORFEIT if we cannot forward the original letters and signatures of these testimonials, which will prove the truth of Lydia E. Pinkham's Med. Co., Lynn, Mass.

Will You Pay The Price?

Questions That Enter into the Ability to Achieve.

A Chicago clerk who is in love with a special life of study asks when one should change his work. His advice that he has been in his present place twelve years and is going to give it up. The time to give up regular employment and start on a line of "do-it-yourself" work, is when you are willing to pay the price. Some people do it all anyone can do anything provided they concentrate all of their ability in an uninterrupted manner. Would you work five years to write for the "Chicago Herald"? Would you work twenty years to interest the editor of a certain publication? Would you work forty years, if necessary, to culminate your plan though it turns your friends into enemies, your relatives into critics and your natural opponents into rejoicing riddlers?—Earl H. Frost in "Short Talks."

Song of the Rose

Now in the garden blossoms. Now on the roadside blows. The queen of the meadow flowers. The languorous, splendid rose! As sweet as the love of flowers. Or white as the winter's snow, sweet as the love of flowers. The sweetest of all roses.

With the shimmer of windows peaking the blue of the summer sky. The warm, rich, wine sweet petals. The fragrance with fading roses. But while in the beds of the garden the dew is on the petals. The secret room is open. With the pure invisible rope. —Edward O. Jackson, in Boston Transcript.

He leaped back weakly, but his eyes never wavered from her face.

Senator Stanton, fastidiously attired and wearing a glowing, self-satisfied smile, entered the ladies' boudoir. Darlington, his heart rising in anger and hot resentment, saw the half-veiled look of repulsion that flitted over Alice's face as she beheld him. His

SUFFERED FROM CATARRH OF LUNGS SO COMMON IN WINTER CURED BY PE-RUNA.

Consumption of Bananas.

In the United Kingdom States, 40,000,000 bunches of the fruit are consumed each year, and the demand is increasing at the rate of 25 per cent. In Europe, although the consumption at present is less, yet the rate of increase is quite 50 per cent greater. More than 150 steamers are now engaged in the collection and distribution of bananas, including the new fruit boats, which have a carrying capacity of 50,000 bunches each.

Easy Road to Beauty.

A celebrated and charming actress, whose age it would be rude to chronicle, but who still looks quite young, although she is a grandmother, gives the following prescription for the preservation of youth and beauty: "You must work till you are tired, sleep till you are rested, have plenty of fresh air, live in cool rooms, take a daily sponge bath and eat the simplest food."

Value of Fox Skins.

The Indian contractor in nearly every sea-otter in value is that of the black or silver fox. It is said that good skins of the black fox have been sold in St. Petersburg for \$1,500, and \$4,000. A pair of silver skins in London sold for \$2,400, while a single skin is said to have brought \$1,000.—Fish and Stream.

Machine to Catch Salmon.

A curious plan for catching fish is used on the River Columbia. A turn of wheels set up in the middle of the stream, which as they turn round catch up the fish and cast them into troughs by the river banks. As much as five tons weight of fish a day has thus been taken.

A COLD IN THE LUNGS THREATENS TO BECOME SERIOUS.

Pe-runa Brings Speedy Relief.

Mrs. H. E. Adams, Ex-President Palmetto Club, of New Orleans, La., writes from 110 Gardiel Court, South Beach, Ind., as follows:

"I am pleased to endorse Pe-runa, as I took it about a year ago and it soon brought me relief from a cold on my lungs which threatened to be serious."

"The lungs were sore and inflamed. I coughed a couple of hours every night, and I felt that something must be done before my lungs became affected."

"Pe-runa was suggested by some of my friends who had used it, and acting upon their advice I tried it and found that it was able to bring about a speedy cure. You have my highest commendation and thank you for the good it did me."

Sounding the Praises of Pe-runa.

Mrs. Frances Wilson, 23 Nelson St., Clinton, Mass., writes:

"Had you seen me at the time of my illness and now, you would not wonder— I take delight in sounding the praises of Pe-runa."

"My ailment was a severe cold which attacked the bronchial tubes and lungs. I followed your special directions and after using six bottles of Pe-runa, I was my feet again. I think Pe-runa a wonderful medicine."

KEEP PE-RUNA IN THE HOUSE.

The coming winter will cause at least one-half of the women to have catarrh, colds, coughs, pneumonia or consumption. Thousands of women will lose their lives and tens of thousands will be crippled. Acquire some chronic ailment from which they will never recover.

Unless you take the necessary precautions, the colds and throat troubles that you get at the first appearance of any symptom of catarrh taken as directed on the bottle.

Pe-runa is a safeguard, a preventative, a specific, a cure for all cases of catarrh, colds, coughs, pneumonia, consumption, etc.
