ceives Little Support From Either Town or School,

Town or School.

The foot ball team representing our willage is certainly one we ought all be proud of. Can you point to a single town in the Sites any where near the size of this which has a high school team that haalyon, aix victories, and has neither, been beaten or scored on? Yet the little bunch of foot ball players that has accomplished this feat is receiving little or mapport from its own town or high school intembers (teachers excepted). Do you wonder they are in debt? All they ask is that you will attend, their games now and then and willingly give your 15e, if you are satisfied with the game. A marked increase of attendance was happily noted at both Friday and Saturday gemes, especially among the girls. Let the good work go on. Please help, us out when asked to donate a small sum toward compensating in a small degree the kind services of Kev. Watson, who has so willingly coached the team, by some small gift. The record of the team thus far is as follows:
