CLEAR UP THE COMPLEXION.

Whitehead & Mitchell and Cobb & Cobb Say Laxoia Tonic Tablets Work Wonders for the Skin.

It is hard to tell just why these little tablets have become so popular with Birmingham ladies but considering the short time they have been advertised, the demand for them has been cause for wonder.

They are no different in appearance from other laxative tablets, but they really must possess unusual merit for from our own personal observation we know that they always do just what is expected of them.

Their action upon the skin and complexion is remarkable for the principal ingredient in them is extract of dandelion, and your own doctor will tell you that dandelion is one of the greatest skin alteratives known to the profession.

If your bowels are inactive, your skin sallow, your tongue coated, your breath foul, and if you are troubled with pimples, bilious spells and sick headache, a 30-cent package of Laxoia Tonic Tablets will clear up your complexion, tone up your liver, encourage the action of your bowels and make you sweet, clean and healthy, inside and out, or these druggists will gladly pay back your money.
