Pontiac has done the proper thing in regard to time and after June 1, 1925, the only correct time for Pontiac will be Central Standard time. Aside from a great many private requests for the city to adopt standard time officially, the Board of Trade presented a request for standard time and after some discussion that was lively and spirited, it carried. Our common council should take action on this matter and decide for the people what time WE are to have. Alderman Dickinson at Pontiac presented a motion that carried, that working hours be from 6:30 to 11:30 a. m. and 12:30 to 5:30 p. m. standard time. Let's do it.

The past two weeks of five and ten cent vaudeville at the Whitney has proved the venture a great success. For the third week Giletta's trained monkeys have been secured at big expense. This is the cleverest trained group of these intelligent animals on exhibition. Hague and Herbert, a comedy team of merit, will present their satirical sketch, "Me and Mickey." Edwards and Glenwood do some clever stunts on the revolving ladder. The kinetograph will show the "Great Bank Robbery" and Harry Williamson will appear in new and popular songs, all of which will be illustrated by the kinetograph.

BASE BALL NEWS
Birmingham Athletic Club Defeated by the Detroit Tigers Last Saturday, Score 3 to 2.

Birmingham Athletic club was defeated Saturday afternoon in a close game of ball with the Tigers, of Detroit, it being the home team's first defeat this season. The club was handicapped by two of its best players being absent. There were several brilliant plays on both sides, a one-handed catch by Ed Hanna, 3d baseman for Birmingham, and a difficult catch of a foul ball by Keaton of the visiting team. Among the features. The battery was very good, Ed Daniels for Birmingham pitching a great game. Drury for the Tigers pitched eight innings when Philburn was substituted. The score was tied in the eighth, and Birmingham failed to score in the ninth, and during a period of drowsiness on the part of one of Birmingham's players, C. Foley made the winning run for the Tigers and it was all over except the kicking. The following is the score.

Card of Thanks.
We wish to extend our thanks to the many friends and neighbors for kindness shown us on our affliction.

WE ARE ALL QUEER.
Call a girl a hen and she smiles; call a woman a hen and she howls. Call a young woman a witch and she is pleased. Call an old woman a witch and she is indignant. Call a girl a kitten and she rather likes it; call a woman a cat and she hates you. Women are queer.

Care of the Eyes.
When the eyes tire at night, or are bloodshot in the morning, advice should be sought and the eyes exercised. Bathing them night and morning with cold water is effective. If weakness be the only cause.

Convicts' Jail Earnings.
Threenths of the earnings of a Belgian convict are given to him on the expiration of his sentence. Some prisoners thus get as much money in jail than they have ever been able to save out of it.

Chain of Good Times.
Good times breed good times. Last year's crops enriched the railroads, the railroads brought rolling stock and bridges, the steel business experienced a revival, and the United States Steel Corporation is about to announce an increase of wages that will divide \$8,000,000 a year among 90,000 men.—Philadelphia Record.

A Creeping Death.
Blood advances the heart, causing death. J. E. Stearns, Brainerd, Minn., writes that a friend died fully injured his hand, which swelled so the blood poisoned his system. A grain straw drove over the poison, healed the wound, and saved his life. But in the world for burns and sores, Dr. Whitehead & Mitchell's and Cobb & Cobb's drug stores.

There's a bunch of loveliness at the Avenue this week and you should not fail to patronize this popular resort. The musical comedy is fine and the olio will please the most fastidious.

This is fine growing weather. Grass, wheat and rye never looked better, and with the blossoming promise of fruit, we all ought to be contented, and as contentment is health, ergo, we are or should be wealthy, but are we?

Handsomest Women in Birmingham
How a Discussion of Beauty Led to a Surprising Discovery.

A few days ago a group of the best informed people about town were discussing the comparative beauty of the many charming women in Birmingham. One of them expressed curiosity to know why the standard of female loveliness is raising so rapidly in this locality; why complexion are so much clearer, eyes so much brighter and more cheery blushing rosy red with health and vigor than was ever seen in the '60s days. It was finally decided to refer the matter to the druggists, Whitehead & Mitchell and Cobb & Cobb, for their opinion. The remedy is a gentle laxative that contains valuable tonic and cleanser properties, together with certain other alternative effects that tend to clear up the skin. Pimples or a blotched, sallow or muddy skin simply cannot exist where Laxoloxo Tonic Tablets are used. This is so sure that we are authorized to positively guarantee it, and the many who have tried it are uniformly delighted. We are selling it at 25 cents a package, and pay the money back if not satisfied."

How Scores of Birmingham People Obtain Relief.

If it really were known how many Birmingham residents have been cured of stomach trouble and indigestion by Dr. Davis' Prescription, it might perhaps surprise you, but what is more surprising is the fact that anyone will continue to suffer with heartburn, stomach water brash, sick headache, mental depression, nausea, and other distressing symptoms of dyspepsia, when there is a remedy of such great merit that it almost invariably benefits everyone that tries it.
