A NEW REMEDY FOR DYSPEPSIA.

What It Is and What It Does.

Suppose you, a sufferer with indigestion, could consult twenty of America's greatest stomach specialists and receive honest advice and a prescription free, you would avail yourself of the opportunity no doubt.

That in effect is what would happen if you go to your druggist for a box of Pepsikola, a prescription devised by twenty famous physicians for every form of indigestion and dyspepsia.

Pepsikola is prepared in the form of chocolate-coated tablets and gives relief by increasing the flow of gastric juice and saliva, by stimulating the stomach to do its own work, and by giving new tone and vigor to the entire digestive tract.

The cost is only 25 cents, and a valuable treatise, "Advice to Dyspeptics," is wrapped around every box.

BLUE RIBBON MEETING

Unless all signs fail the 22d annual "Blue Ribbon" meeting will excel any ever held.

Never since the inception of the two classes—the M. and M. $10,000 trotting and the C. of C pacing events—has the class of horses entered been so evenly matched in speed. The trotting event will have no less than a dozen starters, comprising the best horses in training. Shrewd judges refuse to venture an opinion as to the probable winner. The turf papers are of the opinion that these are the most open races of any year since their introduction. Especially is this true of the M. and M. In other years one or two horses appeared to overshadow the balance of the field, last year, for instance, when the Detroit horse, Stanley Dillon, was conceded the winner before the start, but not so this year. Of the eighteen still eligible to start not a single one has enough on the others to be made a favorite.

The greatest contest ever witnessed will undoubtedly be the result of this year's M. and M. Every heat will find the entire field battling for first money. The laying up of heats is now history, and sharp, fast and spirited contests will surely be the rule.

The Blue Ribbon meet this year, July 21-28, will certainly excel all its predecessors.

J. J. Dickinson, an ex-official of the Federal Bureau of Corporations, writing in the Saturday Evening Post, calls the trusts the "business man's bogey man." People are more subservient to the trusts than to the government, he says, and adds: "It goes without saying, of course, that the lawmakers and executors, and, to a greater or less extent, the courts, are affected by this common feeling of terror that broods over the business world like a deadly contagion. The dread black plague never affrighted the the simple souls of the teeming millions of India more. The pity of it all is that the terror-stricken masses are looking with childlike hope to that impalpable thing known as the Federal Government for relief."
