A late number of Park and Cemetery, a magazine published in Chicrgo, refers to the black maple as a tree found in Oakland county, Mich.

The supper given by the Ladies' Aid of the M. E. church on Mrs. Thurlby's lawn last Friday evening was a success. More than $15 were the proceeds.

The Woman's Foreign Missionary society of the M. E. church will meet Wednesday, Aug. 2, at Circle with Mrs. Swackhammer. Leave Birmingham on the 2 o'clock car standard time.

We are pleased to state that it was not necessary to operate upon Chas. Reynolds who was taken to Harper hospital, Detroit, last week. He is back home again and has resumed work on the new block.

Archie Hoffman and Burl Weaver, of Dunkirk, Ind., who have been visiting C. H. Hoffman for the past two weeks, returned home Saturday morning, after having enjoyed themselves as only boys know how.

Ed Schanhiite, veteran thresher of this vicinity, well and favorably known to his farmer patrons, opened up the threshing season Monday of this week, by a run at Chestnut Hill farm for Geo. N. Brady.

D. A. McGaffy of Oxford: "We had an opportunity to play those Bloomer girls, but did not believe Oxford patrons of the game would be interested in the antics of those females."

The farmer man is beginning to smile, with his hay and wheat crop secured fairly well, he now begins to broaden out and a cloud with a rainy weather appearance does not send him into a chill as it did two weeks or so ago.

The regular annual meeting of the Ladies's Aid of the M. E. church will be held at the residence of Mrs. Frank Allen on Dains street, Friday afternoon, August 4. A full attendance is requested. Election of officers.

A large stone plate in the center of Mr. Shattuck's new dwelling on east side Woodward Ave. reads "Shattuck's Terrace," a good name for a fine addition to our village residence wealth. The brick work will soon be all completed.

The Blue Ribbon races this week at Grosse Pointe, are liberally patronized by Birmingham lovers of the trotting and pacing track. I. C. Terry enjoyed them Tuesday and says the movement is fast, furious and most enjoyable.

Dr. Osler is away off. Don't worry about getting old; Mr. Shattuck has 5 men working for him, the combined ages being 329 years and the average 62 years, and the way they hustle the work along isn't slow either.

It now costs the lot owner in Detroit $25.00 to allow noxious weeds to seed on vacant property. Can we not have a similar law in this town? Thistles, burdock, and all sorts of weeds are seeding within our limits, and the town takes no hand.

It is said by those who know, that the Pontiac court house job is the best job ever finished and that Oakland county taxpayers get their money's worth. No grafting, no jobbing, and that it will be finished on time as per contract. This is truly wonderful.

Just remember this: That the Troy A. M. W. Croquet club is one of the great organizations of that tumultuous township. Yesterday they held their weekly turnfest at the home of Mrs. Ida Parks where they were most hospitably entertained and the game was interesting and very exciting. All were happy.

A Leonard woman was married one day, eloped the next, arrested on the third, brought back on the fourth, forgiven on the fifth by her husband, and went back to live with him on the sixth. It is not so stated, but is presumed that, like the creator, she rested on the seventh.

The article published in The Eccentric regarding the use of the sidewalk as a cuspidore, reminds a reader that twice within the last few years, have the women of our village asked for an ordinance forbidding this use, and twice has the petition been made the subject of jest and ridicule.

A young lady in Royal Oak while in the bath Tuesday was heard to scream and fell in a faint. Her parents bursted in the door and after she had regained her senses, she told of having noticed a basket of potatoes in one corner of the room, and remembered that they had eyes.

Postmaster General Cortelyou has issued an order providing that hereafter service on all rural free delivery routes shall be suspended on New Years, Washington's birth day, Decoration day, Fourth of July, Labor day and Thanksgiving day. Christmas is the only legal holiday on which carriers will be required to deliver mail.

Visitors from Birmingham to Buffalo and Niagara Falls over Sunday last: Mr. and Mrs. Webster Bray and two children, Mrs. W. I. McClelland and daughter Beryl, Edgar A. Parks and wife, Mrs. A. R. Parks and Miss Lulu Bock. All went together and had a good time. Web. Bray and wife and their children are now at Honeoye Lake for the balance of the summer for a rest and a vacation.

It is said that a West Bloomfield man discovered a pimple on his nose and attempted to remove it with an ointment. But the pimple flourished like the proverbial green bay tree and next morning his nose was as big as a teacup. On investigating the man discovered that he had got hold of the wrong box and had been using his wife's bust developer.

From all corners of the state come reports of the newest and most brazen of grafts. Farmers are being visited by a sleek-looking stranger, who says he is a government inspector of cattle. He inspects the lowing kine to see if they have any contagious diseases, demands—and often receives, a $5 bill for the inspection, and then drives away.

A deal has been perfected whereby Oxford secures a plant for the manufacture of cement fence posts and large tile for highway purposes. B. F. Loomis, who has a large plant of this sort at Memphis, Mich., is promoter of the scheme. A site has been leased and operations will commence this week. The plant will employ from 60 to 120 men.

While out in the country Sunday we saw one of our subscribers leaning over the fence watching his corn grow. The rows were far from being straight, and we inquired how they happened to be so crooked. He replied that they were all right until the heavy rains a few days ago. Then when the ground dried up it shrunk unevenly. "Get up, Brownie," and we were off for home.

President Howland has appointed the superintendents to take care of the work in the different departments of the east Michigan fair. The following appointees have accepted the responsibility: George German, Franklin, dairy products; George Greer, Pontiac, police; A. B. Donaldson, Pontiac, horses; F. J. Lessiter, Clarkston, sheep; Daniel Thomas, Pontiac, poultry.

The Royal Oak W. C. T. U. will hold an open air meeting on Mr. John Benjamin's lawn, Thursday, Aug. 3, at 2:30 p. m. Pontiac and Birmingham unions invited. Rev. Walter P. Cooley is expected to give an address. There will be good music, also some good recitations. The second part of the program will be a good supper. Come one and all and enjoy these two great treats.

Erie Eau, Ont., is the favorite summer resort for our leading ladies. A boat carrying four, the Mesdames Stearns, Carlisle, White head and Miss Grace White, landed this quartette Friday afternoon last at Chatham, Ont., from there by rail to their resting place. While the city itself is not a Saratoga or a Newport or even Atlantic City, still it is the proper spot to cultivate a restful, happy feeling.

From the Northville Record: While a Birmingham lady was entertaining company t'other day some mean wretch stole two shortcakes she had intended for supper, leaving her short two shortcakes with too short time to make more. Although editors are proverbially fond of shortcake and also proverbially hungry, to say nothing of being proverbially short, it is not believed that the Eccentric folks had anything to do with it.

Editor Jasper H. Keyes of Lexington comments as follows upon a contemporary: "The strong point in the handsome young editor of the Carsonville Tribune is to make news out of almost any old thing that happens along. Listen to this: "Old Brindle" noticed the approaching storm and did not figure on taking any chances, so moved up near a healthy sapling and took a few turns of her tails around the tree and let 'er blow.

Harold Cornyn, a nearly three-year-old son of Mr. and Mrs. Wm. Cornyn, of Brooklyn Ave., Detroit, campers at Pine Lake, was found drowned in 18 inches of water Sunday last. A physician was instantly called and worked over the little one for an hour unsuccessfully. A sad coincidence is that just one year ago to the day they lost another child. One child remains, a six-year-old. Mr. Cornyn is connected with the Farmington Enterprise.

Mr. and Mrs. Will Nichols started for their new western home Tuesday night of this week, going to Greeley, Colo., over the Grand Trunk via Chicago. When they reach their destination they will at once settle in their own new home, a modern, comfortable brick dwelling on a pleasant street, fitted out with furnace, bath and laundry, and there is no reason why Mr. and Mrs. Nichols should not live long and prosperously and be very happy.

An exchange says a farmer at Big Beaver recently threw some eggs out into the garden and when he went out next day a chicken had hatched out. That is nothing beside what a farmer living near Franklin told us recently. He said he threw some eggs out in the garden and in a few days there was a vine grown up with green eggs all over it. He estimates that Oakland county soil will produce, if properly cultivated about 87,000 bushels of eggs to the acre.

The new Johnston Shaw-O'Neal block begins to loom up and show its handsome appearance. Dark colored vitrified brick front with white stone trimmings, filled in with immense sheets of plate glass is bound to make a decided improvement in Woodward Ave. business division of our beautiful town. What shall this block be called? Some suggest The Spook Block. Others say it should be called the Canadian Municipal Block, and some the Johnston-Shaw Block or Shaw-Jonnston just as one wishes. What do you think it should be called?

THE CHUTES

Chicago's Most Popular Public Park

In the wonderful life of Chicago nothing is of more interest than The Chutes. This brilliantly lighted, flag-enshrouded park at Jackson Boulevard and Kedzie Avenue is an ideal resort for gay throngs. Within its enclosure the "Velvet Coaster" gives thrilling mid-air rides. High overhead a marvelous flying machine offers hazardous adventure to the multitude.

"Shooting the Chutes" is a Chicago habit. Passengers go skyward on a gigantic steel structure. At a dizzy height gondolas start down a steep declivity over which rush cascades like the famous falls of Lodore.

The gay craft descend with the speed of the winds to the bosom of an artificial lake where they dash swiftly forward on foam-crested waves to a placid harbor.

While Weldon's big military band fills the park with music, rubber wheel cars laden with shouting, laughing merry-makers descend on undulating tracks like noiseless phantoms from a distant planet.

High overhead fly the machines of the Aerostat at a rate of 100 miles an hour. Were these devices not enough to delight, there are the Mystic Rill, an enchanted waterway, with boats that speed by "poppy fields" and "hanging gardens" peopled with fairies and gnomes; through a phantom "Zoo" that weirdly vanishes and strangely reappears; past a miniature world's fair; a haunted house that turns up-side-down; a mystifying radium cavern; "Psyche at the Well"; laughing gallery of comical anamorphoses; electric theatre; motion pictures, Katzenjammer Castle, Figure Eight Toboggan, "Baby" railroad, double whirl, merry-go-rounds, giant carousels, Helter-Skelter, temples of palmistry, fortune-telling and clairvoyance, Japanese daylight fire-works, pyrotechics by night and a thousand other devices. Seated in cool pavilions under a canopy of fluttering flags and myriads of vari-colored lights, patrons enjoy open air concerts and all these gay activities. For access to this world of amusement only ten cents is charged. All street cars transfer to the Chutes for one fare.

LOOKS TWENTY YEARS YOUNGER

How a Birmingham Woman Shook Off the Hand of Time and Is Young Again.

"We don't need to speak her name," said Whitehead & Mitchell and Cobb & Cobb last week, "for you'll know who we mean when you next see her. Why, we never saw a woman's appearance to be so changed and improved. Her complexion is now as fresh and beautiful as a young girl's, her step is elastic and her eye has the snap and sparkle that goes with perfect health. And we are partly responsible for it," continued the druggists, "for we recommended what transformed her from a woman of forty to a girl of twenty. What is it? Well, it is Dr. Davis' famous prescription, Lyxakola Tonic Tablets, and when we heard of it we immediately ordered a large supply. And the way they tone up the system, clear the complexion and rejuvenate the whole body is surprising. They are a gentle laxative, promoting an easy, natural action of the bowels and carrying off all waste matter that way instead of letting the poison come through the skin. There isn't a woman in town who can afford to be without Lyxakola Tonic Tablets, for they cost only 25 cents a box, and if they don't do all that is claimed we pay her money back."

"A SQUARE DEAL."

How President Roosevelt's Motto Is Illustrated by Pepsikola.

Whitehead & Mitchell and Cobb & Cobb say Pepsikola Tablets is the best possible illustration of what our strenuous President means by a square deal. This remarkable remedy is sold to everybody with the express agreement that if it does not do exactly as represented the buyer's money will be cheerfully refunded. They are guaranteed to quickly relieve and permanently cure all stomach trouble, tone up the whole system, give new life and vigor, better courage, more vitality, and bring the weak, weary and despondent back to joyous health.

If they do not cure you of heartburn, sour stomach, loss of appetite, dizziness, headache, lassitude, and all other unpleasant conditions arising from indigestion, all you have to do is to step into any of the above drug stores and they will pay your money back.

The price is only 25¢ if they cure. If they fail the cost is nothing. But they won't fail. They will tell you that dozens of people you know have been benefitted and cured of indigestion and dyspepsia by Pepsikola Tablets, and they will give you a "square deal." No cure, no pay.

The Professor's Limp.

An absentminded professor was one day observed walking down the street with one foot continually in the gutter, the other on the pavement. A pupil, meeting him, saluted him with "Good morning, professor. How are you?" "I was very well, I thought," answered the professor, "but now I don't know what is the matter with me. For the last ten minutes I've been limping!"—La Grange (Mo.) Indicator.

Origin of Crinoline

In the World of Fashion of 1830 is a reference to "the new stuff called crinoline." Crinoline was partly thread, partly horsehair, its name being compounded of the French "crin," horsehair, and "lin," flax. Hats, skirts and all sorts of things that were wanted to possess a certain stiffness were made of this material.

The Bishop's Choice.

Once the late bishop of London was ordered by his physician to spend the winter in Algiers. The bishop said it was impossible; "I've had so many engagements. "Well, my lord bishop," said the specialist, "it either means Algiers or heaven." "Oh, in that case," said the bishop, "I'll go to Algiers."
