WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift is the power to inspire admiration, respect and love. There is a beauty in health which is more attractive to men than mere regality of feature.

It is a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of headache, painful or irregular periods, dizziness, or any other ailment, use Lydia E. Pinkham's Vegetable Compound, and begin its use.

Mrs. Chas. F. Brown, Vice-President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

"For nine years I dragged through a miserable existence, suffering with inflammation and female weakness and worn out with pain and weakness. One day I noticed a small advertisement in a magazine for Lydia E. Pinkham's Vegetable Compound, and I determined to try it. At the end of three months I was a different woman. Every one remarked about it and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured the trouble, and I feel like a new woman. I assure you it will make every suffering woman strong, well and happy, as it has me."

Women who are troubled with painful or irregular periods, backache, bloating (flatulence), displacements, inflammation or irritation, that "coming-down" feeling, dizziness, faintness, indigestion, or any other ailment, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

A Consultation With Kitty

By Paul Creswick

"There-it is almost a romance!" invited Kitty, with one of her little sly, sly, sly looks.

"What is the lady's name?" she continued, artlessly.

"M-or-N.," I told her.

"That means I'm not to ask questions?"

"I want your opinion without going into names. They don't actually matter, do they?"

"I can't see, unless you tell me, but I don't imagine that my opinion, if it means anything, will do you any good."

"It means everything," I said, earnestly.

"You know, I always ask your advice on really important things. But you never take it of course! It all helps."

"I don't dislike her. She has points. Quite a style, really—only I can't do it justice. It's the man, I'm thinking about. Such a marrying in haste, Reggie gave her his career. It's sure to turn out all wrong."

"Kitty didn't answer for a moment. She deliberated awhile, and then she said, 'I don't know what you have to say for me. I'm sure you'll have your own little shrugs. You'll have to get out of it,' said she at last."

"You must be suddenly called away. Or ill?"

"I'm intensely sorry for him," I put in.

"Yes. He ought to have done better, no doubt. I had a little cousin like that."

"What is Her Name?"

"I don't. And I'm not Kate, if you please. Still, I need not bring you away from the situation. Sophie has achieved the doubtful distinction for herself. Here is her letter of last Monday."

"I never said forgettable!—though I meant it. Her eyes are delightful. A faint suggestion of juncos. Look here, I'm sorry and glad together. Your little cousin, just fancy! Dear old Deb—well, that's his luck against me."
