# The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

**SCOTT'S EMULSION**

and it *cures the cold.* That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

Henry Miller is husking corn with a corn husker and a gasoline engine.

Robert Hanna, Jr., is pulling his beets and hauling to Birmingham.

Miss Irene Ellwood is scarlet fever-ized and doing well at this writing.

Miss Jennie Bell was helping Mrs. Pauline Miller last week, for three or four days.

James McKinley has been helping Mrs. George McKinney get things ready for winter.

Miss Rose Porteous and her brother Alexander Jr. called on Detroit friends last Friday.

Mrs. Clark has had her eyes treated and she is now doing nicely, being able to be around again.

Mrs. Stephen Drouillard and Mrs. Birdie VanAmberg were at Pontiac last week calling on friends.

Miss Anna Miller was the guest of her cousins, Miss Helen, and Master Leon Miller last Saturday at the "VBM" home.

Mr. and Mrs. John Sullivan and wife and children of Detroit were entertained by Alexander Porteous and family Sunday last.

The Hopp brothers on the William Hanna farm are just a hauling their produce to Detroit. Three or four teams make three trips each week.

Louis Granzow has opened up a ditch that runs east and west across his farm and also cleaned up on the ditch along the roadside, doing a good job.

Ira Johnston was a caller at John M. Beldow's last Friday. I tell you, that same Ira'd. can tell when pumpkin pie is ripe, and can smell where it is.

The saw mill that burned down some time ago is now running full blast, although Mr. Light hurt his hand recently, still the good work goes on grandly.

The Caleb G. Jackson school has had to close for one week on account of scarlet fever. The teacher Miss Russell of Royal Oak enjoyed a week of needed rest.

We are sorry to announce the death of the infant child of Mr. and Mrs. F. Hansen. It passed away Wednesday morning of this week. Burial at Royal Oak cemetery.

Miss Iva Felder has bought Mr. J. R. Pott's horse and buggy, and drives to her school every morning, and enjoys it very much. Understand she takes care of her own horse.

Samuel H. Rogers R F D No. 5, is taking his vacation. He proves his common sense and sound judgement by staying right at home, hustling and getting ready for winter.

Born to Mr. and Mrs. Henry Cort, last week, a nice big baby boy. Mother and baby are doing well, as well as the nurse, Mrs. Lottie Dewey. This is her second visit, and it means that Henry is $2000 richer.

Master Lawrence Smiley is the proud possessor of the J. R. Pott's riding pony and I can't say which is the happier, the boy or the pony. I would say that Lawrence enjoys it the most, but the pony enjoys the change and has a fine country home just the same.

We heard that Uncle James Miller hired out to his son V. B. M. at $2.00 per diem. Try as hard as ever he could he couldn't keep the pace, and in consequence thereof he was penalized back to his board only. Uncle Jim says he don't care a dum the tubers are all dug.

Our neighbors E. A. Starr & Sons raised this year eighty acres of the finest tomatoes ever grown. They raise them for seed. They take a gasoline engine and separator int a field and whale the stuffin' out of the tomatoes, and get the seed for D. M. Ferry & Co., of Detroit. To see the men at work you would think it a cotton field 'way down South in Dixie.

W. W. Collier's team while taking a load of produce to his residence in Detroit last Tuesday just below the Hendrie farm on Woodward Avenue met with quite an accident. A fast driven automobile coming up behind frightened the horses badly. In spite of the driver's most heroic efforts, the wagon was turned bottom side up, the driver made a hurried landing on Mother earth only to see the horses dash madly away. One of the horses was badly injured. They got the number of the auto just the same. Woe be unto him.

# PEPPERMINT OIL

### A. C. McGraw Has Proven that it Can Be Produced to a Good Profit—An Interesting Experiment.

After reading of the great Michigan peppermint oil interests, A. C. McGraw of the "EEEE Farm" just north of our village decided to try and see what could be done in the way of making peppermint oil a product that now commands a fancy price in the world's markets. Early in the spring Farmer McGraw put out about a quarter of an acre into the plants, setting them about four feet apart.

He cultivated them until June when the plants began to throw out runners. The weeding out and care of the plants is quite tedious but he persevered and when August came and the plants were in full bloom he harvested his crop and a right smart crop it was. The growing crop resembles catnip in some respects and the branches of the plant contain the oil. It took about three distillations of a still of his own to get a finished product but when he had completed the distillation Mr. McGraw had a fine quantity of peppermint oil as good or better than the usual oil sold on the market today.

For the past number of years peppermint raising has been a staple product of western New York and at a recent meeting of a number of prominent New York growers, it was claimed that should the industry be taken up in this state, where several successful experiments have been carried through, the market price would suffer quite a drop. A company may be formed to open a distillery in this county.
