# FALL WHEAT RAISING IN ALBERTA.

The Spring Wheat Area is Rapidly Increasing.

It is only a few short years since the impression prevailed that a large portion of the Canadian West was fitted for agriculture. To such an extent did this impression prevail that the great majority of the people in the West were devoted to stock raising purposes, and stock and grain raised the ranges. But the agriculturalists were not without their champions, and gradually experiments were made, slowly at first, but sure and sure, until now the West is a great wheat-raising country. It is only a few short years since the impression prevailed that a large portion of the Canadian West was fitted for agriculture.
