

EX-MAYOR CRUMBO RECOMMENDS PE-RU-NA.

Endorsement of Pe-Ru-NA is Based on Its Merits. Ed. Crumbo, Albany, Ind., writes from 511 E. Oak street: "My endorsement of Pe-Ru-NA is based on its merits. If a man is sick he looks anxiously for something which will cure him, and Pe-Ru-NA will do the work. I know that it will cure catarrh of the head or stomach, indigestion, headache and any weary or sick feeling. It is so found to help anyone, if used according to directions. "I also know dozens of men who speak in the highest terms of Pe-Ru-NA and have yet to hear of anyone being disappointed in it. "Ed. Crumbo, in a later letter, dated Dec. 25, 1904, says: "My health is good, at present, but I should have to take any more medicine I will fall back on Pe-Ru-NA."

THE LAND OF SUNSHINE AND PLENTY-OWN FARM AND BE INDEPENDENT. We Have a Tract of the Finest Land in the South... No cold weather, no coal to buy, less clothing and, in fact, living is one-half the cost as in the north. A man with very little capital can own a forty-acre tract and become independent in a few short years by raising vegetables and fruits for the northern and eastern markets. We have the best shipping facilities, both by rail and water, making our lands the best garden spot in the country. This section offers more advantages for the wage-earner or the man with a small capital than any spot on this green earth. This land will yield larger profits than you can realize out of northern land worth \$150 per acre. The land is a rich sandy loam, with a clay subsoil, and grows peaches, pears, grapes, figs, and all kinds of small fruits and vegetables in great abundance. Also, corn, sweet and Irish potatoes and cotton. The climate is famous for its healthful, sunny climate and curative powers. Plenty of creeks and pure spring drinking water for the northern and eastern markets, schoolhouse and store building in our new town.

THE COMPANY'S EXCURSION WILL LEAVE CHICAGO ON APRIL 17TH. Very low rate for the round trip, furnishing a delightful vacation in the south. No expense to the purchaser.

Story of the Easter Rabbit. One of the most interesting legends of the world is that of the Easter Rabbit. It is a story of a little white rabbit who, on the night of the Resurrection, hid the Easter eggs in the garden. The story is told in a simple and charming way, and is a favorite with children of all ages.

Every Christian Land Has Its Special Emblem of the Day. Easter is a festival of joy and gladness, and is celebrated in every Christian land. The special emblem of the day is the Easter Bunny, a white rabbit who is said to have brought the Easter eggs to the children.

PASSIONS OF LOWER ANIMALS. Are influenced by Jealousy and Crims, as is Humanity.

More curious it is to note that, among animals as among men, some of the worst crimes that can be committed have their origin in the passion of love. Jealousy burns fiercely in many a brute's blood, and when a female of the higher and less order of intelligence. Other animals steal in bands. Baboons go in troops to rob orchards difficult of access. Conditions of climate and change of atmosphere have their influence upon the temperaments of animals. Speaking generally, wild creatures inhabiting very hot countries are more savage than those inhabiting cold or temperate climates.

More Information Required. An addition has been made to the list of fresh vegetables, a scientist from the University of Queensland in the Wiles of Australia a genuine singing tree. We have heard of the "singing tree" in the Wiles of Queensland, the man-eating tree, whose limbs stretched forth to grasp and draw into a fatal embrace the unwary victim. It is supposed that when loosened from the restraint of all attendant roots in air and soared above the tractors of the earth, the singing tree, something new. Unfortunately, the scientist fails to give us the range of its voice or the conditions of its performance. -Cleveland Plain Dealer.

Spending Magnanimity. A poor but worthy old couple had a rare stroke of luck. Some relative died and left them a fortune of \$20,000. The night of the arrival of the lawyer, they sat up late, discussing the future and what they would do with the great sum they had inherited. When they had done and were rising to go to bed, the old man said, with a grand air of magnanimity, "Well, I suppose the lawyer will make a difference. Well, just speak to the neighbors as before." -Weekly Scotsman.

Hot Spot for Railroad. It was an unprofitable Kansas that returned a pass sent him by a local railroad with the assurance that in the year that he had owned the pass he had never used it because he had always been in a hurry.

SAVED BABY LYON'S LIFE. Awful sight from That Dreadful Complaint, Infantile Eczema—Mother Praised Cuticura Remedies. "Our baby had that dreadful complaint, Infantile Eczema, which afflicted him for several months, commencing at the top of his head, and spreading over his whole body. His sufferings were untold and constant misery. In fact, there was nothing we would not do to have given him relief. We finally procured a full set of the Cuticura Remedies, and in about three days the itching began to subside, his spirit really brightened, and the first time in a year. In about ninety days he was fully recovered. Praise for the Cuticura Remedies has always been our greatest pleasure, and there is nothing too good that we could say in their favor, for they certainly saved our baby's life. For a full set of the Cuticura Remedies, write to the Cuticura Remedies, Mrs. Mabelly Lyon, 1829 Appleton Ave., Fairport, Kan., July 19, 1905."

Women in Our Hospitals. Appalling Increases in the Number of Operations Performed Each Year—How Women May Avoid Them.

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients who come to the hospitals are women and girls, who are either awaiting or recovering from serious operations. Why should this be the case? Simply because they have neglected themselves. Female troubles are certainly manifold, but every one of those patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at left or right, the abdomen, nervous exhaustion, pain in the small of the back, dizziness, faintness, displacements of the uterus or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded, the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital, but remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from surgical operations.

When women are troubled with irregular, suppressed or painful periods, weakness, displacement or ulceration of the organs, that bearing-down feeling, inflammation, headache, bloating (or flatulency), general debility, indigestion, and nervous prostration, or are afflicted with such symptoms as dizziness, lassitude, excitability, irritability, nervousness, "all-ones" and "wander-be-leave-ones" feelings they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound. Succeeds Where Other Fail.

HIGH CLASS DRUGGISTS AND OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formulae. Druggists of the better class manufacture many excellent remedies, but they are under original or official names and they never sell false brands, or imitation remedies. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy, and they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They all know that Syrup of Figs is a safe and reliable remedy for constipation and over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction. Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are many who are misled here and there, who do not maintain their integrity and principles of the profession and whose greed gets the better of their judgment and who do not hesitate to recommend and try the imitations in order to make a larger profit. Such preparations sometimes have the name "Syrup of Figs" or "Fig Syrup" and of some practical concern, the California Fig Syrup Company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to tell the truth they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to order his medicine from a regular dealer, or from a street peddler, or from a peddler who is not a dealer or establishment, whether it be large or small, for if the patron resorts to misrepresentation and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for it, entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, and it is not necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.
