ALL KNOW DRUGGISTS.
Have Confidence When They Tell You **Pepsikola Tablets Do Cure Indigestion.**

Possibly you may think our only reason for praising these tablets is because of the small profit we make on each 25 cent box, but how little satisfaction there would be in recommending a remedy that would disappoint you and thereby lose your trade.

There isn't a remedy in this store that we recommend more highly and unless Pepsikola tablets really do what we claim for them how utterly useless our efforts would be.

For coated tongue, sour stomach, wind belching, fulness after eating, heartburn, sleeplessness, weakened energy, and other symptoms of indigestion we commend them with every confidence and always refund the 25 cents should you fail to receive the benefits expected.

AT THE THEATRE.
WHITNEY.
The Whitney Theatre will open its regular season next Sunday afternoon, July 29th, with "How Hearts are Broken" Aubrey Mittenhall's new and popular melodrama. This is said to be one of the most interesting of melodramas, and to be free from many features that usually grind on the nerves of those who appreciate a play of the better class. The story of the play is spoken of as a literary effort of no mean ability and is woven around a young girl who was cast adrift by her lawful husband, who inveigled her into a secret marriage and with the aid of his scheming confederates, has been successful in having her imprisoned for the murder of her child, which has been kidnapped by the unnatural father and husband. Matinees will be given daily except on Wednesdays.
