The George Rusch family had a grand surprise last week. It was quite a surprise that it took their appetites away for three or four days, and it came about like this: They were losing a lot of little chickens and George thought rats were responsible for the disappearance of his respective birds. So at the table, time while sitting at the table, they heard a noise from beneath the floor; and George, perceiving a saw and ax, son had a hole large enough to admit the family dog. In a trice the latter brought out a big black skunk. Talk about perfume! Well, George has a contract with a Detroit dog frisk.

Mrs. Albert Stanley is visiting at S. L. Robbins'.
Mrs. Avel Blair attended the G. A. R. picnic at Bois Blanc.

URINARY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS.
When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.
FOLEY'S KIDNEY CURE
Corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted from disordered Kidneys disappear, because the cause has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes.
CURED OF BRIGHT'S DISEASE.
Mr. Robert O. Burns, Elmore, Saragota Co., N. Y., writes—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began I had to get up from 15 to 20 times each night to relieve my bladder. I was all bloated up with dropsy and my weight was so impaired that I could scarcely see one of my family across the room. I had tried all the best medical treatment that I had, but I had given up hope of being well when I was urged by a friend to try FOLEY'S KIDNEY CURE. One special bottle worked wonders, and before I had taken the third bottle the superfluous fluid had gone, as well as all other symptoms of kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every day some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and do not use that has tried it has failed to be benefited.

The Cost was only \$1 to thoroughly cover this big space with New Era Paint.
The New Era job was a good job. It looked good and stayed that way for more than five years, defying the elements to attack the surface beneath. But the cheap job always looked cheap and didn't last three years. It costs less in actual money to paint well with New Era Paint (inside or out) than with any other paint made, because New Era Paint is pure paint (every atom of it), spreads further and lasts longer than common kinds.
And for this little space the cost was \$1 with Ordinary paint.

Once more the great occasion that men who know have learned to look forward to—and this time once more offering values emphatically far better than the state of the wool market can possibly warrant. But there's no magic about it—the goods are gathered together from the mills from our various stores and from our many agencies—odd bolts, sample lengths, mill ends and remnants of every sort and length.
There are light medium and heavy weight materials in dark color effects and bluish business patterns for dry cleaning—something for everybody.
Some of the remnants long enough for but a single pair while of others there may be plenty for all the month—we take them just as they come and make to measure
