

WHAT IS PE-RU-NA?

Is it a Catarrh Remedy, or a Tonic, or is it Both?

Some people call Peruna a great tonic. Others refer to Peruna as a nearly successful remedy. Which of these people are right? Is it more proper to call Peruna a catarrh remedy than to call it a tonic? Our reply is that Peruna is both a tonic and a catarrh remedy. Indeed, there can be no effectual catarrh remedy that is not also a tonic.

In order to thoroughly relieve any case of catarrh, a remedy must not only have a specific action on the mucous membranes affected by the catarrh, but it must have a general tonic action on the nervous system.

Catarrh, even in persons who are otherwise strong, is a disease in the condition of some mucous membrane. There must be something to strengthen the circulation, to give tone to the arteries, and to raise the vital forces. Perhaps no vegetable remedy is so well adapted to this purpose as the one known to medical writers as HYDRASTIS CANADENSIS. The wonderful efficacy of this herb has been recognized many years, and is growing in its hold upon the medical profession. Indeed, there are few medical agents in Peruna which constitute a specific remedy for catarrh that in the present state of medical progress cannot be improved upon. This action, reinforced by such renowned tonics as COLLINSORIA CANADENSIS, ORDYALIS FERRUGINEA, and CEDRON, ought to produce the most rapid and ideal remedy for catarrh in all its stages and locations in the body.

From a theoretical standpoint, therefore, Peruna is beyond criticism. The use of Peruna, confirms this opinion. Numerous testimonials from every quarter of the earth furnish ample evidence that this judgment is not over-enthusiastic. When practical experience confirms a well-practiced theory the result is a truth that cannot be shaken.

The Sinful Human Heart. A clergyman was addressing a youthful class in Sunday school. To illustrate the idea of regulating the sinful human heart he took out his watch and held it up that all might see it.

"See this watch," he said. "Just imagine that it does not keep good time—that it goes all ways but the right way. What ought I to do with it?"

"Instantly a little boy held up his hand. 'I know!' he shouted. 'Sell it to a friend.'"

Ugly Appendages. "Hans! Wouldst you get his coat-of-arms yet? Why, he told me he was going to look up his ancestry the first chance he got and—"

"Well, I believe he got a chance to look up his family tree, but he saw some things hanging to the branches that discouraged him. He is a Catholic Standard and Times.

"Do you believe Byrumst really means an operation for appendicitis?" "No; but his doctor has just returned from his vacation."—N. Y. Press.

FIVE MONTHS IN HOSPITAL.

Discharged Because Doctors Could Not Cure.

Levi F. Brockway, 8 Second Ave., Anoka, Minn., says: "After lying for five months in a hospital, I was discharged because doctors could not cure me."

The loves and friendships of individuals particularly are of a more certain nature. The experience of a human life may be shortly summed up: A little loving and a good deal of sorrow; some bright hopes and many bitter disappointments; some gorgeous Thursdays when the skies are bright and the heavens are blue, and some gloomy Fridays, when the clouds are dark and the winds are howling.

SKIN SORE EIGHT YEARS. Spent \$300 on Doctors and Remedies but Got No Relief—Cuticura Cures in a Week.

"Upon the limbs and between the toes my skin sores broke out, and I was sore under the arms, and I had to stay at home several times because of this affection. Up to a week or so ago I had tried many other remedies and several doctors, and spent about three hundred dollars, without any success, but this is today the seventh day that I have been using the Cuticura Remedies, and a dollar and a half, which I have cured me completely, so that I can again attend to my business. I went to work again, and I am now suffering for eight years and have now been cured by the Cuticura Remedies within a week. Frits Hirschfeld, 21 Columbus Ave., New York, N. Y., March 29 and April 6, 1906."

Something New in Tablecloths. Eight had come into the store to buy tablecloths and she stated in the beginning that she wanted something "new."

Only Royal Doctor. The only royal doctor in Europe is Duke Carl Theodore of Bavaria. For a German prince he has had a more romantic career than Duke Carl Theodore. He recently completed, with his wife as his assistant, his five-months' course for cataracts.

Not to Be Wasted. Ben Cary had near his house a swamp which was a breeding-place for herds of man-eating mosquitoes.

Stretching Rings. A jeweler in Third avenue, New York city, writes that he had purchased here will be stretched to any size without extra cost.

OLD SOAKERS. Get Saturated with Caffeine. When a person has used coffee for a number of years and gradually declined in health, it is time that he should be left off in order to see whether or not it has been the cause of the trouble.
