While excavating for a cellar in the northern part of this village, Monday morning, John Schneidt unearthed two skeletons which were in a sitting posture. The skulls were in a good state of preservation but the rest of the bones crumbled when handled. Along with the skeletons were a number of arrow heads and other Indian articles of warfare. It is believed the skeletons were those of two of Chief Pontiac's braves. Mr. Schneidt dug another grave and reburied the bones.

A young fellow, 22 years of age, and giving his name as John Abair, was arrested Saturday by Deputy Sheriff Lewless on a John Doe warrant, sworn out by George Fritches. A few days ago Mrs. Fritches took her little girl to school and during her absence, the house was entered and a considerable amount of money and jewels taken, and this is the fellow who is supposed to have done the deed. When arraigned before Justice Rose he plead not guilty and in default of a bond of $500 was remanded to jail to await his examination which will be some time this week.

Charles G. Parks is going out of the milk business for a few months and is selling his cows. If anybody wants some good cows just call and see him about it.

Our old friend, John Benjamin, has just returned from the east where he has been spending the past two weeks. He says he had the time of his life at Saratoga, N. Y., and now for work on the old farm.

That windy day last week did some damage to the barn on the old Beddow farm. It blew off the roof some six or seven rods into the field, and C. Shepard and Walter Sturman had the job of putting it back again.

Now John Bell has just returned home after taking a two-weeks wedding trip, and he says, "Now for business." He also says that 27 years of single blessedness is enough for him. Good boy, John, and he just passed the cigars around. Now let us say, "May your life be a long and happy one, is our best wish."

The young people of Southfield gave Mrs. Mary Bell a grand surprise party last Friday evening, and a big crowd was there to make happy the last few days on the old farm. A nice supper was served and a general good visit was enjoyed by everybody. She left the farm October 1st to live at Birmingham the remainder of her days. She has rented the house of Mr. Brooks on Southfield avenue for one year.

Health in the Canal Zone.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained, however, by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear—well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison, too; biliousness, weakness, and all stomach, liver and kidney troubles. Guaranteed by Charles J. Shain and Cobb & Cobb, druggists. 50c.

AT THE THEATRES.

LYCEUM.

"Sis Hopkins," perennial but ever popular, will come back from Posey County to the Lyceum next week, on her ninth annual visit, and all indications are that she will keep right on visiting. Since Miss Rose Mellville first brought out the shy, awkward Hoosier girl, she has made of her a stage classic. So insistent has been the public demand for the reappearance of Miss Melville, that all thought of bringing out a new play has been abandoned at least for a time. The art in the portrayal, the charm of the play and the wholesomeness of it, have served to make thousands of theatre-goers in every state say, "Sis is good enough for us." Miss Melville is supreme as a comedienne in her own field. It takes more than a gingham pinafore, tight pig tail braids and an Indiana dialect to make "Sis" successful and keep her to the front after so long a sway. It takes art. The public appreciates it.

The engagement opens with a Sunday matinee, in addition to which the regular Wednesday and Saturday matinees will be given.

WHITNEY.

The next attraction at the Whitney, commencing Sunday afternoon will be "Parted on Her Bridal Tour," presented by Chas. E. Blaney. The play is a dramatization of Laura Jean Libbey's famous novel, "Miss Middleton's Lovers," which has been read by millions of the English speaking race. The play is one of the pure and wholesome and not one of the blood and thunder type, of which the theatre going public is surfeited. Katheryn Roth has been specially engaged by kind permission of a noted New York manager, who had her under contract for five years, and so much did her personality resemble that of "Irene" in Miss Libbey's great play, "Parted on her Bridal Tour," that she has been secured to play the important role.

The engagement is for one week with matinees daily except on Wednesday.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble. All druggists.

New Coaches.

The Grand Trunk has just received a consignment of 10 new coaches, which are the first of a lot of 40 which are to come from the St. Louis Car Company, located at St. Charles, Missouri. These cars are of the latest type architecturally, have unusually large smoking rooms, upholstered in leather, and are lit by Pintsch gas with a mantle, which is the best illuminant so far devised for car-lighting purposes.

It is the intention to place these cars in service on all through trains operated out of Chicago and Detroit, and patrons of the Grand Trunk travelling between Chicago and Detroit, and between Chicago or Detroit and Toronto, Montreal, Buffalo, New York and Philadelphia, who do not wish to patronize sleeping cars, can be assured of the latest accommodation in the way of coach equipment. These cars, of course will also be available for local passengers who patronize through trains.

NOT ALL FOR DECORATION.

Usefulness Also Had Something to Do with Display.

A well known illustrator who visited New Orleans grew most enthusiastic with reference to the quaint beauty of the old town. "I noticed a remarkably decorative effect in a street near the French Market," said he to a friend. "The second and third story windows of a certain house were hung with pale yellow bamboo curtains. These were perfectly plain and all of the same shade, yet you can form no idea how they set off the old place. They simply glorified it!" The friend, a New Orleans man, was puzzled. "I don't recall the house. Point it out to me the next time we're in that vicinity." A day or two later the friends were walking in the locality referred to, when suddenly the man from the north uttered an exclamation. "There it is!" he cried. "The house of the bamboo curtains! It must contain a colony of artists!" His friend smiled grimly. "That isn't bamboo," he explained. "You're enthusing over a spaghetti factory. They hang the stuff out there to dry."—Youth's Companion.

NOT A FAIR CONTEST.

Where Johnny Had the Best of It on the Weights.

The twin boys, Johnny and Tommy, not only looked almost exactly alike and could wear each other's clothes without the slightest misfit, but usually weighed the same, there being a difference of not more than an ounce or two between them, notwithstanding the efforts they were always making to outweigh each other. "Tom," said his brother one day, "let's go and get weighed. I believe I can beat you this time." Tommy agreed, and they went to the grocery store where these contests were usually decided. "You get on the scales first," said Johnny. Tommy complied, and his weight was found to be 68 pounds 12 ounces. Then Johnny took his turn. He tipped the scales at exactly 69 pounds. "That ain't fair!" exclaimed Tommy. "And it don't count! I forgot about that big boil on your arm!"—Youth's Companion.
