Most people know that if they have been sick they need *Scott's Emulsion* to bring back health and strength.

But the strongest point about *Scott's Emulsion* is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol.

ALL DRUGGISTS; 50c. AND $1.00.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babes. The wholesome green leaves and tender stems of a lung-healing mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough and heals the sore and sensitive bronchial membranes. No opium—no chloroform; nothing harsh used to injure or suppress. Simply a resinous plant extract that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses "The Sacred Herb." Demand Dr. Shoop's. Take no other. Charles J. Shain.

AT THE THEATRES.

LYCEUM.

There is not a musical comedy in this country which can equal the record for long runs in the different cities of "The Burgomaster," which will be seen at the Lyceum, with a large cast and a very elaborate production next week. Strange to say, in New York, it ran only 101 nights. In Chicago it was seen for 350 performances. In Philadelphia it has been played nearly 200 times: in Boston 260 performances. In Baltimore and Washington each six weeks, besides being seen in every portion of the country. The company has not been allowed to deteriorate, which may account for its strength. There is no other musical comedy which has been produced in his country which can boast of containing twenty-five song hits; and yet "The Burgomaster" contains a well defined and interesting plot, and its action travels over 300 years.

The engagement opens with a Sunday matinee, in addition to which the regular Wednesday and Saturday matinees will be given.

WHITNEY.

Josie, the Little Madcap," by Chas E. Blaney, with Lottie Williams as the star, will be the attraction at the Whitney for one week, commencing next Sunday afternoon. Miss Williams as "Josie," is a little street Arab with an inborn instinct to be good. The theme is based on an episode of life in the tenement districts of New York in which two small children, (Josie being one of them) are saved from a burning building by a woman named "Truck." The parents of the children having lost their lives in the fire, the Truck takes the children to her home, and after days of starvation and beating sends them into the streets to beg or steal money for her that she may keep supplied with rum. The play is a combination of incidents of wealth and poverty, vice and purity, and abounds in witty lines, comedy and dramatic situations, in conjunction with many musical numbers.

The engagement is for one week with matinees daily except on Wednesday.

The finest coffee substitute ever made has recently been produced by Dr. Shoop, of Racine, Wisconsin. You do not have to boil it 20 or 30 minutes. "Made in a minute," says the Doctor. Health Coffee Imitation is made from pure toasted grains or cereals, with malt, nuts, etc. Made in one minute. No tedious, long wait. You will surely like it. Get a free sample at my store. Cole's Hot Blast

WILL SAVE $25.00 IN FUEL THIS WINTER

Shows Stove Burning Soft Coal

Cole's Hot Blast is a great value. We sell it under a positive guarantee. It burns soft coal, lignite coal, coke, hard coal, wood or **any fuel** without any change in the stove. You only need one stove for the entire year, Spring, Fall or dead of Winter. Stiffkes or coal combines cease to be a terror if you have a **Cole's Hot Blast.**

Fire Never Out

It is the only stove that keeps the house warm all night and gives the family a warm breakfast room in the morning without kindling a new fire. Guaranteed to hold fire from Saturday night to Monday morning.

Saves the Dollars

If you feel poor it **saves half your fuel bill,** while giving the above beautiful results. It will even make a ton of cheap slack soft coal, do more work and hold fire better than your neighbor gets out of a ton of hard coal in his $50.00 stove.

Scientific and Air-tight construction throughout. A **patented steel collar** connects the elbow draft to the stove body and cannot open by action of the fiercest heat. The **patented compound hinge** on the lower draft cannot warp and the draft-door closes air-tight by its own weight. The **guaranteed smoke-proof feed door** prevents smoke, dust or gas escaping when fuel is put in the stove. Perfect results, therefore, from any fuel. The **heavy fire box** protects the points where other stoves burn out first, and insures great durability.

Ask to see the patented dustless ash cover for removing ashes. Our method is the only clean way.

Cole's Hot Blast makes $5.00 worth of fuel **give more heat** than **$10.00 worth** in any other stove. **Sold on a positive guarantee,** Investigate today.

CAUTION

See the words, **"Cole's Hot Blast from Chicago"** on the feed door of each stove. None genuine without it.
