THE COMING HOME A GRAND SCHEME BOILER LETS GO

Cement Houses Do Not ; Fall to Work, Cement is King.

While the plan of Thomas A. Edison to build complete houses of concrete in twelve house has in some quarters been regarded as a visionary scheme, it is a special control of the property of t

arpets.

A house like this will abolish insur-A house like this will abolish insur-ance forever. By pouring the cemer to into the moulds, beginning of course at the top until the whole mixture over-flows the edifice; it will be possible to build the house in twelve hours and in six days more it will have settled ard hardened so as to be should indes-tructible.

"I have built the model of this house on the basis of a laborer-owner get-ting \$1.50 per day. The moulding forms are of cast iron, and for \$1000, the entire house can be built. This is to in-clude heating pipes, staircases of ce-ment, floors and mantels of cement ard a cement roof that won't leak. Plumb-ing and even bath tubs will be of ce-ment.

ment.

"The durability of the house is unquestionable. It will last foreyer. Even children may go around with axes and chop as long as they like without doing any materials.arm."

chop as long as they like without doing any material/aprem."
Even if Mr. Edison should not get to the Chicago Cement Show to give demonstrations of his new device, there will be on exhibition a sufficient variety of systems of concrete construction which have already been proved successful to make the show a valuable exposition of this growing infant industry.

vanuable exposition of the growing infant industry, is so comparatively new, however, that education is sorely needed. It is on this secount that so much attention is being given to concrete block construction at the various controls and exhibitions, such as the Comment Pondants Ermantino to be held

block constructions at the various conventions and exhibitions, such as the Cement Products Exposition to be held in Chicago, December 17th, to 21st. No one can attend such a show without gaining ideas which are bound to be beneficial both to the individual and to tagaining ideas which are bound to be beneficial both to the individual and to industry at Linguistry at Linguistry at Linguistry at Linguistry and the considers by advanced along the lines of block building and also brick making of the benefit in the considerable with a considerable and the place of the industry in this vicinity, and is at little and the considerable with the considerable with a c

Passed Examination Success

Passed Examination Successfully.

James Donahue, New Britain, Commercieut, writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney improvement, allowed bottle is showed improvement, allowed bottle is showed improvement, allowed bottle in the work of the completely." I have since passed a rigid examination for life insurance." Fo ley's Kidney Cure cures back-ache and forms of kidney and bladder trouble.

HAVE YOU NOTICED YOUR LABEL?

Time to look up that label again. W. me to look up that label again. We been trying to get the Eccus-been trying to get the Eccus-subscription list in a fairly paid of the production of the constraints of due labels helps out amazingly, notice jours and if the date is not the present time, it abould be and statenton is invited. "Every lit-lit helps" and though your judivid-cocount may not be large, it will to swell an aggregate.

That sometimes terminates fatally, is the stoppage of liver and bowel functions. To quickly end this condition without disagreeable sensations, Dr. Kingis New Life Fillis should always be your! remedy. Guaranteed absolutely satisfactory in every case or money Cobb's drug stores. 25c.

ST. JAMES' CHURCH NOTES.

The Choir of St James' church in eparation for Christmas is practicing preparation for Constants is practicing twice a week, on the evenings of Thursday and Friday. The number of the choir members will be in-creased very soon and the music of the services much strengthened by the ad-dition of seven or more men. Through the kindness of All Saints' church, Pon-ites, in leaving seathers that the kindness of All Saints' church, Pon-itac, in loaning vestments, the new members will be vested by Christmas Day. The full choir, and processional up the aisle, will make the service at 19:30 Christmas morning particularly pleasing and impressive. You are invi-

We hear often the fiquestion, why don't people go to church? I want to put before you a question both more interesting and more profitable; why no people go to church? And I'll tell you why. Because people are human beinged unlike animals, have deep feelings, high aspirations, great dreams, strong hopes, large visions, mighty conviction, holy affections. And people go to church because they have found that to meet together once a week in the thought of

Badly Mixed Up-

Abraham Brown, of Winterton, New York, had a very remarkable experi-ence; he says: "Doctors got! badly mixed up over me; one said heart dis-sase; two called it kindry trouble; the sack and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did no me to perfect health. One bottle did no researched. Gustantend to cruzy blood poison, weaknass, and at up cruzy blood poison, weaknass, and at up.
