The Spread of Temperance.
To drinking, says Lecky, must be attributed most of the crime and animeness proportion of the misery of his nation; and what if true of England is true of the United States. At the beginning of most violent errine parallel with England in true drinks of the Carlish history is parallel with the England history is drink, so in our country crimes of videring the control of the Carlish and the Carlish ded, States today the path to temper-sance is being followed with more de-termination than ever in the history of our country. In more territory is the saloon made illegal, and in ar-greater part of this territory is public tion a success. When it is a a life will be brighter for the and children of hundreds of ids of fathers and husbands.
