STILL MORE PROOF

That Dr. Williams' Pink Pills Have Cured Even the Most Stubborn Cases of Rheumatism.

"When I was a boy of sixteen," says Mr. Otto H. Rose, a retired grocer, of 1226 Lexington Avenue, Indianapolis, Ind., "I met with a serious accident which injured the bone of my head over the right eye. I recovered from the accident to all appearances, but not many years after I began to have intense pains in the injured bone, which came on every year and would last from a few days to several weeks.

"I consulted the doctors who told me that I was suffering from neuralgia. The sight of my right eye was affected, so that at times I could scarcely see out of it, while both eyes watered constantly. During these attacks I was often dizzy from the terrible pains. The pains came on every morning and passed away in the afternoon. I never suffered from the pain at night.

"I tried without success to get relief until a friend told me to try Dr. Williams' Pink Pills. When I had taken a few boxes I felt the pain growing less intense and in a much shorter time than I had hoped for I was entirely cured. I have recommended the pills to several persons, who have used them with good results.

"My wife uses Dr. Williams' Pink Pills for nervous headaches and finds them the best medicine she has ever used as they give relief where all others fail."

Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid on receipt of price, 50 cents per box, six boxes $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

An instructive booklet, entitled "Nervous Disorders," will be sent free on request to anyone interested.

VAST WEALTH OURS

UNITED STATES RICHEST COUNTRY ON EARTH.

Outstripping Anything That Ever Has Been Known in History Is the Measure of Uncle Sam's Affluence.

The United States is the wealthiest country in the world. In the brief span of its young life this infant nation of ours has broken all records relating to the accumulation of riches, and we are beginning to think of billions instead of millions. Take it any way you like, and the measure of our affluence outstrips anything that has ever been known before, says the New York Sun.

Our country has more actual money, more gold, a larger volume of exports, greater banking facilities, richer farms, more productive mines, more millionaires, more well-to-do trades men, more independent farmers, more highly paid laborers and a greater distribution of the luxuries which riches bring than any other nation has ever enjoyed since time began.

One day last October Uncle Sam had gathered into his money storehouse in Washington the greatest amount of gold ever collected at one place in the history of the world—gold representing $871,893,899. This was indeed a high-water mark. We had there in one little room more gold than was in circulation in Great Britain.

The largest receipt ever given, the greatest money trust ever undertaken in history, was when the present treasurer of the United States, Charles H. Treat, went into office. He receipts to Ellis H. Roberts, the retiring treasurer, for all the money and securities in the vaults of the treasury, a total of $1,259,598,278.58. It required from July 1 to September 5 to count the money, and at the completion of the task the accounts balanced to a fraction.

The costliest governmental establishment in the world is the British navy, upon which a billion and a half has been expended within the last ten years. Yet three individual Americans—Rockefeller, Carnegie and Clark—could have paid the whole bill and still have some pocket money left. The United States is now spending about a hundred millions a year on its navy, and we are now at this kind of expenditure. That we are not investing more than we can afford is shown by the fact that our display-loving women spent $100,000,000 for diamonds purchased in foreign lands during the last two years. In fact, we are so rich that the sales of profits and manufactured articles that we are sending abroad each year is equal to a sum sufficient to support all the navies in the world.

When it comes in individual wealth we have a dozen citizens who are worth more than all the kings and rulers of the world, taken collectively or severally. The czar of Russia is reputed to have a greater income than any other living man, but his private fortune is so mixed up with the governmental revenues that it is impossible to separate them. If a distinction could be made John D. Rockefeller could undoubtedly make a comparison with the weak-spined Nicholas, and show the biggest pile. The Russian monarch's wealth is the accumulation of an empire, centuries old in the making, while the Ohio oil magnate can remember when he had nothing.

To say that the total valuation of the wealth of the United States is $107,066,000,000 is not understandable. A hundred billion dollars is such a pile of money that the simple mind cannot grasp its meaning on the instant. It is more than twice the total amount of the wealth of the United Kingdom, of France, or of Germany; and over three times that of Russia or of Austria-Hungary. Probably the best way of illustrating the actual extent of Uncle Sam's riches is to state that if he could convert all his assets into money he would have nearly four times as much as would be required to pay off the entire national debt of all the governments in the world, including his own.

Cost $1,400 to Collect $1.

The most expensive member of Uncle Sam's custom service is the collector of the port of the Little Egg harbor (Pa.) district. It's not his fault, however. He's just as vigilant as the hawks of the great port of New York, where it costs about three or four cents to collect one dollar of customs. Dutiable goods seldom come into Tuckerton, and when 40 cents was returned to Secretary Shaw as the total customs receipts for this district, Collector Frank Willing Leach didn't send with it a letter of apology. He just knew that he wouldn't help it if it had cost Uncle Sam at the rate of about $1,400 a year to collect a dollar.

Mr. Leach was formerly secretary to Senator Quay. His appointment to the collectorship two years ago at a salary of about $560 annually was a surprise, for it was not known that he was a candidate. He's willing to keep the place, however, and even made a fight to save his district from being abolished, as it is likely to be, along with a number of others were the cost of collection is enormously out of proportion to the receipts.

A Real Lemon.

"Talk about a lemon," said a newly engaged man, as he rubbed his hands wildly through his hair. "I thought I was on the wrong track when I asked a girl to marry me. But she accepted all right and I gave her an engagement ring.

"Imagine how I felt when I called to take her to the theater last night and she greeted me in a hat trimmed with lemons. I almost fainted at the sight, but apparently she didn't notice my embarrassment, for she smiled sweetly and asked me—how I liked them. And now I'm wondering whether it's all off and whether I'll get back the ring."

Retort Courteous.

He (mockingly)—Most men like the soft pillow of a woman's mind."

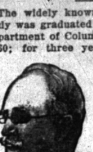
AN EVENTFUL LIFE.

A Brief Sketch of a Great Physician and Surgeon.



The widely known Dr. David Kennedy was graduated from the medical department of Columbia University in 1860; for three years resident surgeon in the Saterlee U. S. Army Hospital, Philadelphia, Pa.; during the Civil War was President of the Examining Board for Invalid Soldiers, and acknowledged one of the most successful surgeons in the Government service; member of the Ulster County Medical Society and other scientific and medical associations; for over thirty-five years in active practice of medicine and surgery in Rondout, N. Y., becoming one of the leading surgeons of the Hudson River Valley, his great ability and skill being undisputed, and his reputation extending from New York to neighboring states. He was a New York Presidential Elector in 1892, Mayor of his city for two terms and occupied many other public and private positions of trust and honor.

It is interesting to learn that in the early days of his large practice he employed a prescription that he termed his "favorite remedy" because it was invariably successful in the treatment of the various cases coming under his care, where a preparation was indicated for the Kidneys, Liver or Blood. In 1875 the demand for this medicine was so great that he decided to place it before the public, and from that time Dr. David Kennedy's Favorite Remedy (as it has since been known) has become one of our standard family remedies. The business soon grew to immense proportions and the large laboratories and offices in Rondout stand as positive proof of its wonderful success, due to absolute merit, aided by systematic judicious and honest advertising.

The strong point about Dr. David Kennedy's Favorite Remedy is that its cures are permanent, and it will be our pleasure, in subsequent issues of this paper, to print specific instances of this convincing feature.

It is proper to add here that Favorite Remedy is not a "patent" or "secret" medicine, since its composition is given upon request, and it is not a "cure all." It has cured many cases of Kidney, Liver and Blood troubles (and associated ailments) which have been practically abandoned by physicians. It is sold in over 40,000 drug stores in this country at only $1.00 a bottle, or the manufacturers will send it direct and prepay charges if a druggist is not handy. Every year Dr. David Kennedy's Sons, Rondout, N. Y., mail millions of free medical booklets and sample bottle (to any one writing for them) to all parts of the world, including one of their methods of advertising the merit of this valuable remedy.

WHEN HIS BABY WAS DYING.

The Milkman Was Late That Day, but None Complained.

A few days ago people on Linwood boulevard who patronize a certain milkman missed his familiar before-breakfast ring, says the Kansas City Star. It was late in the morning when he finally made the rounds. And the women scolded.

"I'll have to take milk from somebody else!" one irate housewife snapped.

"All right, madam," he said, softly. Something in his voice made her pause.

"What made you late?" she demanded, still angry.

A tear wavered on the milkman's eye and trickled slowly down his cheek.

"When—when I left home," he began.

He paused and gulped at something in his throat.

"When I left," he said, "my baby—was dying. I knew someone—would be—angry—with me if I didn't—come so I—"

He could say nothing more. The woman said, gently:

"I'm sorry."

Next day the milkman failed to appear. The second day he was around very early.

"We buried her yesterday," was his explanation.

No one chided him. They understood. His baby was dead.

GUIDES CHILDREN.

Experience and a Mother's Love Make Advice Valuable.

An Ills. mother writes about feeding children:

"If mothers would use Grape-Nuts more for their little ones, there would be less need for medicines and fewer doctor bills.

"If those suffering from indigestion and stomach troubles would live on Grape-Nuts, toast and good milk for a short period they would experience more than they otherwise would believe.

"Our children have all learned to know the benefit of Grape-Nuts as an appetizing, strengthening food. It is every evening, with few variations, like this: 'Mamma, let's have toast and Grape-Nuts for breakfast; or, let's have eggs and Grape-Nuts'—never forgetting the latter.

"One of our boys in school and 15 years of age repeatedly tells me his mind is so much brighter after having Grape-Nuts as a part if not all his breakfast." Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

NO RELIEF FROM ECZEMA

For Over Two Years—Patent Medicines, Quack Cures, and Doctors Fail—Cuticura Succeeds.

"I was very badly afflicted with eczema for more than two years. The parts affected were my limbs below the knees. I tried all the physicians in the town and some in the surrounding towns, and I also tried all the patent remedies that I heard of, besides all the cures advised by old women and quacks, and found no relief whatever until I commenced using the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. In the Cuticura Remedies I found immediate relief, and was soon sound and well. C. V. Beltz, Tippecanoe, Ind., Nov. 15, '05."

Of Interest to Women.

Every woman naturally should be healthy and strong, but a great many women, unfortunately, are not, owing to the unnatural condition of the lives we lead. Headache, backache and a general tired condition are prevalent amongst the women of to-day, and to relieve these conditions women rush to the druggists for a bottle of some preparation supposed to be particularly for them, and containing—nobody knows what. If they would just get a box of Brandreth's Pills, and take them regularly every night for a time, all their trouble would disappear, as these pills regulate the organs of the feminine system. The same dose always has the same effect, no matter how long they are used.

Brandreth's pills have been in use for over a century, and are for sale everywhere, plain or sugar-coated.

Sometimes a woman's face overdoes it in the matter of telling her age.

THREE EPOCHS IN A WOMAN'S LIFE

MRS. ELVA BARBER EDWARDS

MRS. GEORGE WALTERS

There are three critical stages in a woman's life which leave their mark in her career. The first of these stages is womanhood, or the change from a care free girl to a budding womanhood. The second is motherhood, and the third is the Change of Life.

Perils surround each of these stages, and most of the misery that comes to women through ill health dates from one or another of these important crises.

Women should remember that **Lydia E. Pinkham's Vegetable Compound** made from native roots and herbs has carried thousands of young girls over the critical period of puberty, has prepared mothers for childbirth, and in later years carried them safely through the danger of life more successfully than any other remedy in the world. Thousands of testimonials from grateful persons, two of which are here published, substantiate this fact beyond contradiction.

Mrs. George Walters of Woodlawn, Ill. writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell you of the good *Lydia E. Pinkham's Vegetable Compound* has done me in regaining my health. *After suffering and losing my children a friend advised me to try your valuable medicine, and candidly say that after a little inconvenience, a quick recovery and*
