

Rapid changes of temperature are hard on the toughest constitution.

The conductor passing from the heated inside of a trolley car to the icy temperature of the platform—the canvasser spending an hour or so in a heated building and then walking against a biting wind—know the difficulty of avoiding cold.

Scott's Emulsion strengthens the body so that it can better withstand the danger of cold from changes of temperature.

If the line of correction of human character shown in these chapters become an intrinsic part of our make-up, we shall earn the true meaning of our contrived verse; John 15:7. If we abide in me and my words, and it shall be done unto you. Remember that all Christians are desirous of seeing His Kingdom come, and His will being done on earth as it is in heaven, are asked to join this circle. Please remember also, to be punctual at the hour of 7:30 standard, that it may be a united petition. One who asks prayer of Circle for her husband, please remember this also.
