HOME NOTES

The Exchange Bank opens every morning at 8 o'clock standard time and closes every day at 4 o'clock standard time; Sundays and holidays excepted.

A business men's club is coming. All the Ann Arbor folks are home for a week's vacation.

Full report of Village Improvement meeting next week.

Mrs. Wm. Cooper, of Detroit, visited Mrs. Nellie Camp the first of the week.

A Birmingham Booster Club would effect wonders if life could be infused into such an organization.

At the home of Mr. and Mrs. Charles K. Latham arrived a pretty baby girl this week. Congratulations.

Holly has an affliction—a bucket shop has been opened up. We had one once—just once—it lated nearly one week.

FOR SALE—One spring wagon, two buggies, also a nice lot of new buggies for sale cheap. Call on E. A. Parks, Livory, Birmingham.

In the vicinity of Holly, farmers are raking off their potatoes at 15 cents each, earlier in the season they refused from 30 to 40 cents per bushel for. Too bad.

The Women's Literary Club and the High School Literary Society are to have an address from Prof. Roth, of Ann Arbor, Thursday evening, April 25th. You are invited.

Mrs. S. Bortle, of Ann Street, passed four days very pleasantly last week with Mrs. H. Perry, of Detroit. The two ladies had nothing to do but have a real good time and they did.

John Hanna, our village post-master, bought out F. Hagerman's stock, good will and everything, took possession Wednesday morning. Terms cash and private. Good boy!

Miss Sarah Ann Skillian died. She was living with her brother, Hugh McBride and died at the age of 79 years. She leaves two brothers and three sisters. Geo. H. Mitchell was her guardian.

Miss Lucy Ward has returned to her home from Cadillac, where she has been attending the past eight months. Miss Ward had had classes in education and has closed a successful course of instruction in that subject there.

Attention! Here is an opportunity to purchase a home on Hamilton place, Birmingham, lot 48, Hamilton plat, first house west of E. R. Smith. Must sell to settle estate of Clark Harris.

32ap J. ALLEN BIGELOW, Admin.

David J. Rainey, accompanied by his son, Fred, left April 16th for Stewart, British Columbia, where they expect to remain for some time. Mr. Rainey has been heavily interested in mining there. Mrs. Rainey will join them later in the season.

Dr. Walter McBride arrived from Chicago last week to spend a month or so with his parents, Mr. and Mrs. Matthew McBride, of this village. He has been spending the past few months in Chicago, where he has met with great success.

Word reaches us that Wm. Blumberg, some time last winter, had the misfortune to have his feet and hands frozen, so that amputation of the affected limbs was resorted to. At last accounts he was cared for at a hospital at Syracuse, N. Y.

What about the Birmingham Booster Club? If some one will take the initiative to start a Business Men's Club for promoting the welfare of our little city, we promise to furnish free of all the necessary printer's ink to bring it to a successful finish.

The Forestry and Town Improvement Committee of the Women's Literary Club is to have its meeting Thursday evening, April 25th, at the home of Mrs. Ranka. Officers and members are requested to be present.

BY ORDER OF C. C. C.

Peter Retzard, formerly at Pontiac, now at 92 Grand River Avenue, Detroit, says for you to pick up that old suit of yours, bring it to him, and how he can transform an old, ugly thing into a smooth, finished suit of clothes that you will be proud to wear.

A very small audience at the Library Hall last Thursday evening, created "Mistaken," a play given by Pontiac. It was under the auspices of the home K. of P. The play was all right, but the short time given for its advertising proved a failure as far as door receipts went.

If you are "all out of sorts," read the twelfth chapter of Hebrews.

FOR RENT—House on Woodward Avenue, corner of Walnut. Everything about the place in first class condition. Furnace, bath, etc., newly papered.

32ap Mrs. FLORA BEATTIE.

After taking part in the U. of M. Minster Show last week at the Harmon Hall, Detroit, Raynolds Whitehead came home for a study. The big hall was crowded to its fullest capacity and the stands down by the U. of M. boys had the professionals backed right off the stage.

A Bird Gander, deputy state factory inspector, called on all over the city last Wednesday, and found everything all right in this office, and city. He made a visit to the power-house, the brick and tile yard and the handle factory. The fire "scapes" on the Michigan building tickled him cannot to death.

G. B. Findley, representing the University of Michigan, won first place, and L. P. Goodwin, representing Alhion College, won second prize at the annual contest of the Michigan State Prohibition Oratorical League, at Kalamazoo College. L. P. Goodwin is our own Levi, and this victory belongs in part to Birmingham.

We need a club of every land owner in Birmingham, bound together by articles of association, the object of which will be to get men and families factories to locate here. Milford has just organized an association and we ought to follow. Let's get together. Call a meeting and write about it. Let's write. Somebody write about it, please.

We are pleased to call your attention to the new advt. of A. Tomlinson, photographer, of Pontiac, who has "looked" more Birmingham people, than all other artists—having had at one time a studio here, always giving perfect satisfaction. He offers special inducements for new spring pictures, and invites you cordially to come and talk it over.

Died, after several months of severe illness and great suffering, at the home of his daughter, Mrs. Minnie McNeill, and Wednesday, April 23rd, Mrs. William James, aged 83 years. We go to rest too early for particulars, but will say his declining years were made comfortable and happy by a loving daughter, who mourns the loss of a husband and father together.

The many friends of Miss Dolly Atwood and Gardner Shelley, both of Detroit, will be surprised to learn of the announcement of their marriage which took place early last fall. The bride is a daughter of Mr. and Mrs. Parke Atwood, and the groom is the son of Mr. Edgar Hitchings. Both were popular students at the Detroit Central High School where they met some three years ago.

The Literary Club met with Mrs. Hemenway last Tuesday. Miss Blotgett gave a paper on "Zones of South America," "Flora and Fauna" was the subject given by Miss Mary Miller; Mrs. Hulbert gave a paper on "Political Conditions in Bolivia." Notice is given that the Forestry and Town Improvement Committee will hold their meeting on the evening of April 25th, when Prof. Roth, of Ann Arbor, would present the subject of "Forestry."

In 1903 Detroit was the 14th American city in point of population. It has since outstripped New York, Boston and San Francisco. It is likely to pass Cincinnati and Buffalo within the next decade. The three sister cities of the lower lakes have made phenomenal progress in recent years but Detroit is now growing faster in population and commerce than either Buffalo or Cleveland. Maintaining its present rate of gain, in 1910 it will rank ninth among the metropolitan cities of the United States. Birmingham is coming from Detroit's city limits, and will speedily benefit by its growth. Can't you see?

After being out nearly two hours and a half, the jury in the John Nixon vs. the D. U. R. damage case, rendered a verdict Friday afternoon last, in favor of Nixon for the sum of \$254.20. Nixon who lives in Southfield, was run down by an electric car on the D. & P. division near the six-mile road, about a year ago, his horse killed and his boy-aloys smashed. Nixon was uninjured. He brought suit for his loss and received the full amount of his claim. Judge Smith in his charge to the jury Friday afternoon, was careful to instruct them on all of the legal points. The charge occupied half an hour. Mr. Wm. Wade Mills, of Detroit, appeared for Nixon and Attorney James H. Lynch for the D. U. R.

Sup't. John Barclay is a most efficient division superintendent of the D. U. R. He is up to everything for the safe and comfort of his patrons. During the funeral of the late Wm. M. Hester, he was right in front of the house, and every car that passed was slowed down, and a little noise made as possible to disturb the services. For three years he has been enjoying his home in the south of Franklin. Good house, barn and other buildings. Good water supplied by ram to house and barn. Good orchard. Possession given this coming spring. For sale for \$1,500.00. Secured. N. B. I have from \$1,500.00 to \$2,000.00 to loan on a farm mortgage. If for sale. Thoroughbred Rhode Island Red eggs, at \$2 per 15; and thoroughbred Barred Plymouth Rock eggs, at \$1 per setting. Also young Plymouth Rock chickens for sale. Call on Mrs. Kate Todd, one mile east of Royal Oak cemetery, or address, Miss Kate Todd, Royal Oak, Mich. 13un7.

FOR SALE—A new house and one-half acre of land, one and one-half miles from the city north of Birmingham. Call on John Kelly, for \$350. See the owner, John Kelly, 12ap

If you can't have your own way in anything, keep silent and read the third chapter of James.

Chambers Blair, a positive and sure that Pontiac will have a fine base ball team this coming season.

Three new steel bridges will be built in Royal Oak township this season, two in District No. 1, and the other in District No. 2.

It is a fact that is assured for Royal Oak. This prospect is a noble endeavor for our sister village and one that the foremost men of Royal Oak have striven for a long time.

The last dance of the season is given by the young ladies of this city at the Johnson-Shaw hall this Friday evening. A good time is expected by all. Guy's orchestra will furnish the music. Editor Homer Harwood, of the Warren Watchman, is after the village president, clerk and all the trustees of his village, who have not yet done something pretty quick or show him. We will bet on the editor.

Having voted down the new school house proposition four or five times, Utica has again tried to vote \$10,250 for that purpose. The old building having been condemned, it is being held in several places along the village.

Mr. and Mrs. Albert Bradley, of Prairie Lawn farm, were very pleasantly surprised by a few of their friends and relatives, Wednesday, April 23rd. The occasion being their 30th anniversary. Friends were present from Pontiac, Birmingham and Detroit.

Receiver Lounsbury, of the P. O. & N. Railway, has filed the annual report of that company. During the year ending February 28th the disbursements were \$401,625.01, and the receipts were \$125,498.98. There was cash on hand a year ago \$1,081,000.00, and a balance at the close of the present year of \$33,734.65.

It is stated at Pontiac that between erecting a half-mile new depot this year, the Grand Trunk Railway Co. will also erect a big roundhouse, one which will accommodate about 25 engines. Officials of the company have negotiated for the purchase of the Scott site on Orchard Lake Avenue, adjoining the railroad.

Careless boys put a bullet into the Hubert hope not so very long ago. The ball came through a window and passed through a door. Fortunately no one was injured by the bullet. Two boys and a gun were the cause. The boys took to their heels, but later were rounded up and paid all damages. One was a white man, and the other a colored man. It was in THE ECENTRIC said in a recent issue about boys roaming the streets with guns and firing at everything in sight?

Mrs. C. A. Burr, of Rochester, gave a family dinner recently in honor of her husband's 50th birthday. At the occasion of one brother, all of the immediate family were present and completely surprised their host. After a most enjoyable and happy day, the guests departed leaving a well filled basket for the hostess. On this occasion, Mrs. Philip Brand, who has just returned from New Mexico was a guest. Mr. Burr is a brother of the new brick and tile men. He is a banker of Rochester, Mich., that the people are all proud to honor.

On account of the death of the late Mrs. William Chittenden, of Detroit, the beautiful new residence which he and her husband had planned to build in Bloomfield Hills, will, in all probability, not be completed. Some time ago Mr. and Mrs. Chittenden, who are well acquainted in this vicinity, purchased 30 acres of the part of the old Trowbridge homestead that is east of the D. U. R. tracks in Bloomfield. The land in question lies directly across from Mr. and Mrs. T. Barbour. Mrs. Barbour is a daughter of the late Mrs. Chittenden. Mr. and Mrs. Chittenden had planned to erect a handsome residence on this property, and to spend the remainder of their lives, and ground was to be broken for the building this spring. In fact, the tenant house was completed some time in the winter. The Detroit property is one of the prettiest locations for a building estate between Detroit and Pontiac, commanding a wide, and excellent view of the surrounding country on account of its elevated position.

There are many tons in the land, as by the papers you can see. But none of them can equal Hollister's Rocky Mountain Tea.
