Congregational Church Notes.

As last Monday was election day, the Ladies' Union and friends took advantage of the occasion, and the demand of the inner man, to supply dinners and suppers to all desiring them. The proximity of the church dining parlor to the Town Hall made it a convenient place for this purpose and many are glad to avail themselves of the opportunity afforded to obtain a first class meal at a very moderate price.

The Young People's Society, with the aid of friends, is preparing one of the novel forms of entertainment, so much in vogue this year, in the form of a breach of promise suit, which is fair to be an amusing event when presented. Broken hearts seem to be one of the fatalities human beings are heir to, as well as broken bones, but, as this trial demonstrates, the method of treatment is quite different, and the cases are placed in quite dissimilar hands for treatment. Due notice will be given of the time and place for this effort and a method of healing a broken heart.

As there are many who do not understand the differences in church beliefs and government, for the aid of any who do not know what the basis and substance of the belief and government of the church we represent are, next Sabbath morning the subject will be, "Congregationalism. What is it? Why is it?" This is only one of the many "isms" in the world which are rock-bound tombs that withhold the Christ from his complete triumph, and which will tend to ruin him. He has put down all rule and all authority, and only one Master shall reign supreme, even Christ. "My brethren be not many masters knowing that we shall receive the greater condemnation." Just as "He is not called Rabbi, (Master), for one of your Master even Christ, and all ye are brethren." "And call no man your father upon earth, for one is your Father which is in Heaven." Matt. 23:9.

The lesson for the "Prayer Circle," for the week ending Wednesday evening, April 10th, is Matt. 6:19-34. This is one of the hardest lessons the Christian has to learn. It is the lesson of implicit faith against the material. The latter part of the lesson is possible only when the conditions laid down in the portion from v. 19-23 is obeyed. "Every man becomes like that which he sows." If he sows the Highest, he will become like the Highest. If he sows the lowest, he will become like it. As a corollary to this, he who is indifferent to the Highest, will fall to the lowest. These two things are inseparable foes to humanity, bad action and inaction.

Look on thy Godlike pattern, feel within, The same Godlike emotions stirring him. Look downward, and the lust of gold shall seize Thy heart, and in entrancing fetters bind and bind, Till, in its subtle grasp, with latest come wide awakening of the soul with death.

Does coffee disagree with you? Probably it does. Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and malt. Not a grain of real coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches freshly roasted Java and Mocha coffee. If your stomach, heart or kidneys can't stand coffee drinking, try Health Coffee. It is wholesome, nourishing and satisfying. It's nice even for the youngest child. Sold by Charles J. Shain.

Mr. Henry Cort of the River View farm, had one of his best horses taken very sick recently, with an acute attack of appendicitis, but is now better under the skillful care of Dr. Rue Van Every, G. H. D.

James Edger and the Delmarter boy have come to the conclusion, that it is cheaper for them, to put up a milkstand at the Willow Brook road, than to draw their milk to Birmingham, so up goeth the milk-stand, and its dandy.

Mr. J. Mill, Henning says if he holds his bigness, he will put in about 30 acres of sugar beets this coming spring. We sincerely hope that he won't lose any of his size, as we hope to see a gang of men at work on this farm. By the way farmers are going into sugar beet raising, it seems to me, that we ought to have a factory right in our midst. Our townships are particularly adapted to raising sugar beets.

The Advantages of This Store to Those Who Shop by Mail Are Very Exceptional
 We don't care where you live. We propose to make it just as easy for YOU to use the mail, and do your shopping, as though you came here in person.
 For information—a mere post-card. It will receive the same attention as a hundred-dollar purchase. When you are ready to buy, just let us know your wants, and we'll fill the order. The latter is really quite secondary to seeing that you get the information.
 If you're on the line of a railroad—steam or electric—we'll deliver whatever you buy direct to your station—provided your order amounts to \$5.—without a penny of expense to you.
 Anything that is not what you want, after it reaches you, we'll refund your money instant— or send you other merchandise in its stead. The most satisfactory way for you—but not at all popular with exclusive mail-order houses, as you know.
 This, however, is a different proposition. We know that when you come to Detroit, you'll come here. Couldn't do otherwise—if you follow the crowd. So we want the store to be your store—right in your own town. And to make it such, feel just as free to write for what you want—whether it be samples or merchandise—whenever you cannot be here in person.
 May we send you a copy of our Spring and Summer Catalogue—free? Splendid styles in it, and attractive prices. Write before you forget it.
