od Roads" Law Knocked Out.
te state "good roads" law, insofar
t relates to the appointment of
ty road commissioners in Wayne
ty, was held snconstitutional by
supreme court. Such an opinion
stated by the court in affirming
Wayne circuit court, which red to mandamus the board of counmistioner to a law courts claimed id to mandamus the board of coun-auditors to allow, certain claims<sup>2</sup> er the act. The chief objection to act that was raised in the hearing that while the cities of Detroit Wyandotte pay five-inths of the the Inhabitants of those cities en ovice in the action required adopt or rescind the laws. The hood of appointing commissioners also attacked.

C. Can Sue for Millions.

The supreme court has unanimously stated the Wayne circuit court, in the best of the Wayne circuit court, in the bill of the Michigan Central stroad company. This is the case which the company is saint; and are which the company is saint; and are and the atterney general conded that for several reasons the paper, should not be permitted to gust. The main issue, the queen of \$6,000,000 damages, will now fought out in Detroit.

To Clear Up Old Tass.

Back in 1843 the state of Michigan
made h grant of lands to Houghtien
county for the phastreness reached
road to plant the phastreness of the county for the
road the phastreness of the county for the
transport of the county for the
transport of the counties they
were placed on the tax rolls and, the
taxes not being jaid, were returned
as delinquent and blore of Houghton
county is now in Lanning, endeavoring to strafighten out the records and
secure the cancellation of the taxes
assessed against the lands.

assessed against the lands.

Approves Rife Rangs.
Authority was given by the state military board to Cagh R. C. Vanderook, of the First artillery, to hire horses to drill his command before the opening of the state camp. Hereto fore the members of the artitory with the companies of the state camp. Hereto out practice. The horses engaged has approved the purchase by the state military board of the rife ranges at Detroit and Grand Rapida. Contracts will now be let for clearing the ranges and putting up the targets.

City Cannot Ley Tracks.
Five justices of the state supreme court, constituting a Cherott cannot build afreet reliawy tracks to be leasted to an operating corporation. The council of that city in 1995 ordered, the department of public works to lay tracks, on several streets and appropriated \$10,000 to start the work. The department of the legality of this subsection of the council of the legality of this subsection is a supplied for. The Wayne circuit court granted the injunction and the case was carried to the supreme court.
