If FIGE? ACCES.

Initial speeds At first, like the boycott of American goods in China, the
cott of American goods in China, the
country in treated rather as a joke;
but as time passed it continued and
began to superate to either parts of the
country. It is not pertinent here to
discuss the commercial effect of this
boycott, which is still undetermined,
for this speedily became overshadowed by political phases.

An educated Hindu of Calcutta had
this to say regarding the native complaint:

While the present forment in India, is in a, sense a manifestation of perennial unrest, the cause of many exdjournels in the past, it has its particular sertimental genesis, and this is the
journels of the past, in the six particular sertimental genesis, and this is the
first count of "The Thomas In it
is the first count of "The Chinese," and similar catch-phrase doctrines.
Dense as the phase in India is, the victory of Japan has penetrated its innerconactionatess. In fact, much pairs
