#### Congregational Church Notes.

Yesterday it was "how odd it keeps, it is remarkable." Today, "how warm it is, I must take off my winter underwear." Tomorrow, "Dear me! if it keeps hot as this, it will be unbearable." Somewhere there needs to be a sprig of Sweet Mary, or Sweet Thyme, or sweet some body or something or other, thrown into the pot of our discontent to sweeten it up a little, or a great deal, which would be better.

The old poem of "Chick-a-dee-dee," runs this way in part:  
"In the summer we're faint,  
In the winter we're chilled  
With ever a word that is yet to be filled.  
We take from the ocean, the earth and the air;  
Yet all their rich gifts do not silence our care;  
A very small portion, of patient would be,  
If sweetened with gratitude, chick-a-dee-dee."

We hope that Willis's grove near Birmingham, may be filled with people on the 4th., or for a good clean instructive sane celebration, and a happy time; and all be able to go home at night with clear heads, and no cases of Sick or Headache.

The time of year has again come, when the Gods of America, man and womanhood are bursting into flower, and "promotion," and "graduation," and "commencement" fill the air with the wine of a new excitement. God, in his wisdom, could not permit the world to mold and rot in the hands of stale and worn out humanity. The coming tide of new life is his means for the world's re-juvenation; and every year new momentum is given, in every department of life for throwing off the effete products of the old and conventional. We conform to the old and are transformed by the new. The new is spontaneous, the old is repressive.

The various sacred orders of Royal Oak, have extended to them, by the Congregational church, an invitation for a Union meeting at the church, on Sunday eve June 30th. We hope they will all be able to respond to the invitation at that time. The subject will be "The Eternal Brotherhood."

Do not forget the Children's Day service next Sunday morning, which was postponed until that time.

The lesson for the Prayer Circle next week is an extremely essential one, found in James III. It will bear a great deal of study and application by clergy and layman.

## Largest Sale of the Year

A stupendous sacrifice of Spring and Summer Merchandise. Excessive stocks, due to unfavorable weather, must be reduced at once to their proper level. What the goods cost has nothing to do with what you can buy them for during the balance of this month.

Retail trade all over the country has suffered from this backward season. Dealers in the largest cities for two months past have been making frantic efforts to unload stock and keep their business up to something near its regular volume. We consider ourselves fortunate in having been able, right through the cold wet weather, to stimulate trade in nearly every line. "The Heart of Detroit" has been busy when other stores found it almost impossible to interest the public in their offerings. But we haven't sold so much merchandise as would have been cleaned and re-furnishing has been done this spring as compared to other years; how many women have completed their summer sewing? No matter now, the thing is to unload our surplus stocks, AND THIS WE WILL DO every line of goods that is larger than it should be now has been marked down for a quick and decisive clearance. Come to the store and see for yourself the great money-saving opportunities that await prompt buyers. This season's newest and choicest goods to be had now at genuine reductions from prices that were not only low, but LOWEST.
