BIRMINGHAM, FRIDAY, JULY 5.

Railway accidents have been usually sacribed to insufficient, equipment. Forf. Ft. H. Diton, in an article in the Atlantic Monthly, concludes that the Atlantic Monthly, concludes the the Atlantic Monthly, concludes the Atlantic Atlantic Monthly, concludes the the Atlantic Monthly, concludes the Atlantic Atlantic Monthly and the Atlantic Monthly and the Grant Trumb. The fundamental weakness of American railroading from the standpoint of safety is the widespired and almost universal lack of discipline. This conclusion a course of the atlantic Monthly and the Atlantic Mont

Claim Again Rejected.

Liam Again Rejected.

The claim of D. J. Warner, the ato day of again as short time there was defended Denuty Game to store with defended of again as for time blinds. This blindness is the excession behalf and giant to the state princer with defended of saling as well as the excession and the state princer with defended of saling as years as the saling of the Flonger and Historical scale and time of the state princer when the saling the saling of the Flonger and Historical scale and to saling the saling of the Flonger and Historical scale and the state and times. The claim was for the saling of the Flonger and Historical scale and the state and times. The claim was for the saling of the Flonger and Historical scale as the saling of the Flonger and Historical scale as the saling of the Flonger and Historical scale as the saling of the Flonger and Historical scale as the saling of the Flonger and Historical scale as the saling of the Flonger and Historical scale as the saling of the Flonger and Historical scale as the saling of the Flonger and Historical scale as the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the Flonger and Historical scale as for the saling of the

To Examine Assessments.

Arrangements were made by the Arrangements were made by the country for help.

All over England the had weather to seriously affecting agricultural incomplaints of unequal assessments for unequal assessments for steam yacht, and other complaints have been received. The complaints have been received. The goldwances of several street railway companies in the matter of assess, and the complaints have been received. The transparent of the complaints have been received. The transparent of the memory of man. The land is water-logged and large tracts of grass companies in the matter of assess.

Whether the board may make a review of the complaint of va corporation. whether the board may make a review of the complaint of a corporation. The law says that reviews may be had buly on complaint of a "resident taxpayer" and the question is whether an electric railway corporation comes under that head.

Lots of Research

Lots of Summer Students.
