The carpet sweeper for which the Library asked through the Eccentric, has come through the kindness and liberality of Mr. and Mrs. James Hunt. They still have arm faith that the student lamp will come soon.

We tried some time ago to have our business advertising matter better advertised by Birmingham for a residence town on all their stationery. Just suppose all business letters leaving Birmingham had this neatly printed on the back of every sheet. This we do free in lots of 500 letters heads printed at this office. We would like to see printed on the back of every letter leaving our village that this could be read, in a neat card; "Birmingham, population, 1400."

"Detroit's most attractive suburb."

"Cars to go from about every part of Michigan every thirty minutes."

"Gas."

"Water works."

"Free Public Library."

"Fine Public Schools, with Kindergarten."

"For 25 years no case of diphtheria has originated here, and for 25 years not a case of malignant scarlet fever, — an ideal place to rear a family for health and education."
