The finest coffee substitute ever made has recently been produced by Dr. Shoop, of Racine, Wisconsin. You do not have to boil it 20 or 30 minutes. "Made in a minute," says the Doctor. "Health Coffee" is really the closest coffee imitation ever produced. Not a grain of real coffee is in either Health Coffee or Shoop's Instant Pure Toasted Grains or cereals, with malt, nuts, etc. Really it's coffee. Health expert—were he to unknowingly drink it for coffee. Charles J. Shain.
