

REV. TROUTMAN SENDS BEST WISHES FOR PE-RU-NA

Rev. George A. E. Troutman, Mt. Washington, Mo., writes, "My Wife and I Are Strong Believers in Pe-Ru-na."

Cataract on the Grapes. Rev. G. A. E. Troutman, Mt. Washington, Mo., writes: "My wife and I are strong believers in Peru-na."

I was cured of a bad case of cataract when nothing else that I tried had any effect. My wife was cured from a severe case of grippe, and we feel that the best we can do is gratefully acknowledge the merit of Peru-na.

THE OLD JOCKEY

By Armiger Barclay (Copyright.)

The old jockey is not so very old, but chronic rheumatism and the accident that put an end to his racing career make him look it. It is many a day since he sat in a two-pound saddle and felt the mighty sinews of a trained thoroughbred under him or knew the fierce rush and strain of a hard-fought race.

"I had heard so much about Peru-na as a cataract remedy that I determined to try it. After taking two bottles, my trouble has disappeared. I feel sure that Peru-na has greatly benefited me." Rev. P. E. Swinerton, Swedish Baptist Pastor, Box 225, Grantsburg, Wis., writes that from the use of Peru-na he has been perfectly cured of chronic rheumatism and cataract.

Peru-na in Tablet Form. For two years Dr. Hartman and his assistants have incessantly labored to create Peru-na in tablet form, and his efforts have just been crowned with success. Peru-na who object to liquid medicine can now procure Peru-na Tablets, which represent the medicinal ingredients of Peru-na. Each tablet is equivalent to one average dose of Peru-na.

He rises from the chair by the fire after 20 years of illness, but that never occurs in the old jockey. They get their weekly attention in readiness for the mount that will never come.

He presses his thin lips together. "Ah, sir, you may well say that when the gold cups took from under the very eyes of the police and the gleaming, such a thing could have happened in my time. The gold cups," he gasps. "I should have liked to see the race for it, though. The horses seem to have made good finish of it."

"Oh, the boys," he corrects. "He always speaks of present-day jockeys as 'the boys.' As for getting the last corner of an animal at the finish, however it is possible to hold him together, to feel his heart beating through the saddle flaps to nurse him and push him when you can't get your legs down to grip and squeeze until you hold the horse as part of one another."

"The American seat is the old jockey's pet avocation." "Bumkin' and borin', this White Knight and the French horse?" Of course they were both of 'em, he proceeds. "What else can you expect when they jockeys are crouching over their horses as without any purchase on the petting. What's to prevent one of 'em savaging the other when they're notin' controllin' his mouth?"

In his day he has been at grips with old John Osborne, and Custance, and the Challengers. He has fought a ding-dong finish against the redoubtable Tom Cannon, and if anyone should know the whole art of riding it is he. "The whole art of riding is to get a tired, stiff, when I read about horses betin' pulled, I can't tell you! I wouldn't pull a horse when the season was up to me in this here it is a job with a slack rein." Just think for a moment. The breed's always improving, and yet, times are no faster than

WORK WEAKENS KIDNEYS. AND THERE WAS

The Experiences of Mr. Woods is the Experience of Thousands of Others. Leonard P. Woods of Jackson street, Leonard, Md., says: "Hard work weakened my kidneys. I was tired every morning and my limbs stiff and sore. Dizzy spells and headaches were frequent, and my secretions much disordered. This continued for fifteen years and I had been seeing Dr. Woods' Kidney Pills. Then I improved steadily until cured. And naturally, I recommend them strongly."

GENEALOGICAL. The Bull-Pup—I suppose this is what they call a family tree. ITCHING—MORON BOY. His Hands Were a Solid Mass, and Disease Spread All Over Body—Cured in 4 Days By Cuticura.

"One day we noticed that our little boy had broken out with itching sores. We first noticed it on his little hands. His hands were not red and then, and we didn't think anything serious would result. But the next day we heard that the Cuticura Remedy had been used for itching sores, by this time the disease had spread all over his body, and his hands were nothing but a solid mass of this itching disease. I purchased a box of Cuticura Soap and one box of Cuticura Ointment, and that night I took the Cuticura Soap and lathered my wife and washed him well. Then I dried him and took the Cuticura Ointment and anointed him with it. I did this several times and in four days the disease was entirely cured." Mrs. Frank Donahue, 208 Fremont St., Kokomo, Ind., Sept. 16, 1907.

Novel Trio. "Do you like ensemble music?" the doctor asked young Nathan Hobbs of Wilkesboro, who was trying to entertain her at the church "social." Nathan looked bewildered. "I'm not sure you enjoy hearing several instrumental players together," asked his new acquaintance, taking condescending pity on his ignorance. Merely a Plain Statement. The principal was called before the school board "Professor Mentor," and the principal said that the principal complains that he was gravely injured by Mr. Dennis, who visited her class last Friday. What do you know about this?" "As you are aware, gentlemen," explained the principal, "Mr. Dennis is a poor man and the father of a very bad boy. This boy occupies the vacant seat next to mine. Mr. Dennis simply told Mrs. Squirming that he couldn't afford to have her wear any of the kind of hats."

Went Him a Few Better. A very dapper looking young man entered a Chicago hotel a few days ago, followed by a middle-aged man who seemed to be a little careless concerning his personal appearance. The affable clerk offered a pen to the carefully dressed young gentleman, who registered himself as "William Henry Tyler III." When he had stepped aside the other man reached for the pen and under Mr. Tyler's name wrote: "John Smith M.C.C.C.C.C.L.I.X."

BANISHED. Coffee Finally Had to Go. The way some persons cling to coffee even after they know it is doing them harm, is a puzzle. It is an easy matter to give it up, for good. The Postum Good Coffee is properly made and used instead.

A girl writes: "Mother had been suffering with nervous headaches for several years, but kept drinking coffee. I was disgusted at her, during the financial flurry, to help her get the money. She called at his house at a late hour upon the same evening that the newspapers mentioned the name of her bank. Shortly after nine o'clock the next morning the woman answered the telephone. Her business friend advised her to remain at home until he could visit several banks and see if any of them would advance her the money. He called on four or five banks, but the fifth promised to advance it. The man quickly jumped to a telephone. His acquaintance, according to instructions, had a check for the full amount made out and ready to present.

"Come down at once to the bank," he called on four or five banks, but the fifth promised to advance it. The man quickly jumped to a telephone. His acquaintance, according to instructions, had a check for the full amount made out and ready to present.

Traps in Cape Verde Islands. The big trees in California are not the only ones of their age. In the Cape Verde Islands there is a baobab tree which is said to be 5,000 years old. There are also authentic cases of parrots who lived over 100 years.

Truth and Quality

Appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs, checks the bowels without any debilitating effects and without having to increase the quantity of food eaten.

It acts pleasantly and naturally and truly is a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading drug stores.
