BALDHEADS AS IMMUNE.

It has been said that there are no baldheaded men in the asylums for the insane. We suspect this is true; at least, save for rare and unimportant exceptions. The balding is a very plain thing for the anti-balds to speculate upon; it may well furnish them food for serious and earnest thought.

Persons have already learned the advisability, when preparing to alight, of picking out persons, if possible, without a bald!

Heart Troubles

The heart may be weak just the same as the eyes, stomach or other organs. It often happens that a person is born with a weak heart. Then again disease, fevers, over-exertion, anxiety, nervousness, rheumatism, etc. weaken the heart. The result is shortness of breath, palpitation, pain in the heart, or in some of the nerves of the chest or abdomen. The heart should be strengthened with a tonic, and for this nothing equals Dr. Miles' Heart Cure.

at had feelings but felt all in a wild form. I was weak, tired, and short of breath, and I began taking Dr. Miles' Heart Cure and I began feeling better. I am so thankful that I began taking this medicine, and I shall not hesitate to tell others how much good it has done.
