

A SURGICAL OPERATION

If there is any one thing that a woman dreads more than another it is a surgical operation.

We can state without fear of contradiction that there are hundreds, yes, thousands, of operations performed upon women in our hospitals which are entirely unaccompanied by any of the usual annoyances...

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills...

"Pardon my question, but how do you know your wife doesn't wish you to take out insurance?"

"If better were within, better would come out—Danah."

Use "Cannon" to Commit Suicide. A Norwich, Norfolk, Eng., blacksmith named Robert Watt was found dead in bed at his house, a few days ago...

Better Still. "Of course," she said, in a tone redolent with sarcasm, "I am the first girl you ever loved!"

Merely a Climatic Influence. "Lady," said Plodding Pete, "would you help a man that's been better?"

When Gloria's Friends Met. Predatory William Henry met Predatory William Henry when they started at each other in a quarrel.

Effective. "Did you really tell your audience that it would be better to steal than to go hungry?"

WESLEY'S WIFE AND CHILDREN. A PROFITABLE EXPERIENCE.

Two Sons Early in Life Showed Remarkable Musical Gifts.

Charles Wesley's reputation has suffered not a little from the overstatement of his predominance as a composer.

Mrs. Sarah Gwynne, a girl of 23, daughter of a pious family occupying a high position in Wales, attracted him by her many lovable qualities.

Charles was a great favorite with George III, his private organist occasionally playing at the king's side.

His death was in 1874. A numerous family was recognized as a gifted composer of the day and was a gifted composer of the day.

Shown Practical Greatness. Samuel Oppenheim, who died recently in London, left handsome legacies to various charities.

After being an invalid with Kidney Disorders for Many Years.

John Armstrong, Cleverport, Ky., says: "I was an invalid with kidney troubles for many years, and cannot tell what agony I suffered from backache, my limbs ached, my urine was swollen twice natural size and my sight was failing. The kidney excretions were discolored and had a sediment."

HIS WHEAT WENT 22 BUSHELS TO THE ACRE.

HE REALIZED \$18 PER ACRE FROM IT, WHILE OTS GAVE HIM \$17 AN ACRE.

Moore Jay, Sack, Nov. 18th, 1907. Writing from Moose Jaw, Saskatchewan, Mr. S. K. Rathwell says: "I have much pleasure in saying that on my farm this year I had 500 acres in wheat, and 130 acres in oats. My wheat averaged about 22 bushels per acre, and I had 200 bushels of oats from the acre that I sold at 55 cents per bushel, thus realizing on that wheat \$18.00 per acre, not counting cost of seed, soil and labor. With regard to the other 200 acres of wheat, it got touched with frost but was taken good in the end. It will net me \$12.00 per acre, but I do not intend to sell it at that price, as I can make more money by feeding it to hogs."

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative of known value, a laxative which physicians could recommend to their family or to prominent patients known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.
