

THE WEASEL WEeps FOR TREES

Modern Issues As Reviewed By Our Reliable Staff Reporter.

Our reporter has been out this week and these are some of the items heard from different persons.

There is no street in town with so little shade as Maple avenue east, there being no large trees on the north side of the street, and where the road is the very worst, no trees on either side.

Lost a brick terrace from local opinion have we? Well, better lose a dozen than to lose all our manhood and bring sorrow to our homes.

Old Floyd Irons, for his hard heart tarred and feathered and carried in a cart, by the women of Marblehead.

That would be a circumstance to what the women of Birmingham will do if they touch our trees.

Talk about taxes. Who puts money against human we? Put the license money in the scale against homeless children, heart broken mothers, and the desolation of a drunkard's home, and see which will go up, and which will go down in the balance.

It must be a very ignorant person who does not know that trees drink gallons of water from our city.

Most of our titles and many villages are employing experts to trim plants, and care for trees. What do you think of this back number that is talking of cutting them down.

Have to do without a hotel, will we? Have done without one except in name, for some time past and I guess we can stand it.

Thank God my husband and my son cannot spend time and money in the season and come home at midnight to see me and the girls.

I don't see how it can hurt a town to have the man's earnings go to pay his honest debt instead of paying it to the saloon keeper.

The drug stores will get it? Well if we have drug stores of that kind there is some thing out.

Well, well, we had better cut down all the trees in town, put a saloon and a gambling den on every corner, then no doubt we will attract many residents to the prosperous town.
