Bathers at the mill pond hereafter must wear a bathing suit or trunks. So many lady and gentlemen visitors strolling around some slight they see make it quite embarrassing for the visitors. This rule will be enforced. Remember boys, no suits, no swim.

Mr. C. G. McIntee, of Almont, Mich., who lately bought the Claud Reynolds' house west of the school house, with his mother, is most comfortably settled in their new home and are contented. With the many repairs, land modern additions, there is not a more cozy and homelike dwelling in the entire town.

Irving H. Wilson with his shoulder in a sling looks like a war hero. He isn't. He took a tumble last week while at work in Royal Oak and put his left shoulder out of business. Dr. Anderson, of Royal Oak, and Dr. Campbell made him as good as could be at that time and nature now is doing the rest. In the meantime Irving is going the best he can.

At the home of Mr. and Mrs. Sidney L. Clark, Wilcox street, they had a jolly quartet of visitors, all in the count of the State Convention of L. O. T. M. at Toledo. Mrs. H. C. Wilson is enjoying a short visit with cousins at Dorset, Ohio. Meanwhile Harry is doing the best he can, and time does seem to drag slowly.

There are so many candidates for sheriff in this county that the successful one could select an efficient staff of deputies from those who failed to score.

Not much has been said about it in print, but the Chicago boys have invaded Birmingham. One can be found roaming on every fire-hydrant in the village.

Oakland county medics are opposed to the "open shop" and will prosecute druggists who prescribe for them. It is said that 90 per cent of this county's druggists have the habit.

The Grand Truck company on Sunday opened its handsome new depot at Pontiac for permanent use. East bound trains will leave that place one to two minutes earlier and west bound trains from one to two minutes later than formerly.

Every family should have a curfew which should positively "ring to-night" and every night if needed. The curfews are inexpensive and can be hung made. Take a piece of string two feet long and whittle one end down to a handle, and take the child that needs the curfew and bend him over a barrel. Now take the string in hand and use it for a clapper. Put it on both sides of the strokes even and see that none miss. Good for a boy or girl up to the age of 16, and applications are warranted to cure the most pronounced case of street loafing that exists. The music the curfew makes is "ner than singing." Where is My Wandring Boy To-night?"
