HIS WAY OF PROPOSING.

He—They tell me you're great at guessing conundrums. She—Well, rather good. He—Here's one for you. If I were to ask you to marry me, what would you say?

Couldn't Fool Him. A custom house clerk, who, prior to his entry into Uncle Sam's service...

By Inference. The magistrate looked severely at the small, red-faced man who had been summoned before him...

The Kind to Suffer. "That automobile of yours certainly does get on my nerves," said the neighbor.

How many American women in lonely homes to-day long for this blessing to come into their lives...

Every woman interested in this subject should know that medicine for healthy maternity is accomplished by the use of LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

"Knowest Thou That Land?"

By F. L. POLLOCK and W. S. MCGANN.

(Copyright, by Shurtzoff Pub. Co.)

The prince had just come from the hospital, leaving behind his sympathy and good wishes, the grand cross of St. Stephanus...

By a lucky chance I was on duty in the hall yesterday evening. The prince and princess came from dinner together...

There is no use in going into my early faults, began the prince, without any of the customary formulas of confession...

I do not know that I shall have strength enough even for the things I particularly wish to say. My real name is Prince de Soudenly...

When I came hither from the conservatory, full of success and in a fever of young enthusiasm for liberty and liberty, I became connected with a secret association...

Half a dozen of the fatal papers I opened the door. The prince stopped as I rushed in and stared at me with an amazed expression...

A blaze of light met me as I stepped out through the French window. The garden was full of flowers...

Next I found myself on the bed, and they told me I was a hero. But I knew that I was a scuffling coward...

It is all under the seal of the confessional," he said. "The prince must never know."
