ECZEMA

Cured in less than four weeks.

Those who have had experience with this stubborn disease can hardly believe at first that Wonderful Dream Salve can and does cure Eczema.

There is no doubt about the matter whatever. A great many letters are on file in our office from grateful patients, telling of the quick and easy way in which Wonderful Dream Salve has removed all traces of this torturing skin affliction.

Mr. John T. Kenley, a well-known business man, located in the Stevens Bldg., Detroit, Mich., was recently cured of a bad case of Eczema of fourteen years' standing.

After treating with many doctors and taking many remedies without relief, Mr. Kenley was induced to try Wonderful Dream Salve, and in four weeks was entirely cured. He says:

"I certainly consider this a remarkable cure, inasmuch as I have spent hundreds of dollars in the course of my endeavor to break this troublesome itching skin ailment. I have since the time I used your Wonderful Dream Salve as a great skin healer."

If you have Eczema, why not try a box of Wonderful Dream Salve. If it fails, your druggist will refund your money. Don't that fair enough? Keep it in your home for Chilblains, Chapped hands, Piles, Cuts, Burns, Frost-bites, Boils and Sores of any kind. You will never use anything else.

25c a box at your druggist or mailed prepaid direct.

Put Your Money In a New Country

The Pacific Coast extension of the Chicago, Milwaukee & St. Paul Railway now under construction, opens to the settler thousands of acres of excellent agricultural land. The new country in Adams, Hettigter, and Bowman Counties, North Dakota, and Butte County, South Dakota, is now reached by the new track. The soil is a dark loam with clay subsoil, and produces in abundance wheat, oats, barley, speltz, corn and potatoes. The land is well adapted to farming, good water is found at a depth of from twenty to fifty feet, and the whole country is underlaid with lignite coal that outcrops along the streams, and in most cases can be had for the digging.

The climate is healthy, the air is dry and invigorating, and the percentage of sunshine days is high. Outdoor work can be done almost every day in the year. Rainfall is amply sufficient to raise the crops. Regular mail service has been established, the roads are good, rural telephone lines traverse the country, and automobiles are in common use. The deeded land in this district sells for from \$10 to \$18 per acre. There are many instances this year where the crop equaled in value the cost of the land.

In Butte County, South Dakota, there is considerable government land open for homestead entry. Government land offices are maintained at Lemmon, Hettigter and Bowman, where filings and final proofs may be made. All of these towns are on the new line of the

Chicago Milwaukee & St. Paul Railway

In Montana, the new railroad traverses good farming land. It has been demonstrated that big crops of grain may be raised. Along the Yellowstone and Musselshell rivers, the water is used for irrigation, and phenomenal yields of alfalfa, sugar beets, and grain, are always certain. In the Judith Basin near Lewistown, Montana, is one of the most remarkable sections to be found on the new line. Under natural rainfall, the famous bench lands produced this year an average of 35 bushels of hard wheat to the acre, and the price was 94 cents per bushel. The basin contains about 1500 square miles and is sparsely settled. Some government land still remains open for settlement. A government land office is maintained at Lewistown. In Fergus County, outside the Judith Basin, is one of the greatest stock raising sections in the world, and good ranches can be purchased at a reasonable figure.

The Chicago, Milwaukee & St. Paul Railway Co. has established an immigration department for the purpose of assisting in the settlement and development of the new lands now being opened. Pamphlets descriptive of its resources will be forwarded free on request.
