

WOMAN'S CLUB NOTES

From the Woman's Literary Club Which Meets Tuesday Afternoon of Every Week

The first club meeting of the year was held Jan. 5, at the home of Mrs. Raynale. There were 23 members and four visitors present.

The club was favored by a solo from Mrs. Dudley, with Miss Jamieson as the accompanist. After this Mrs. Parkinson was called and in response gave several of those dear old poems of which we never tire.

The club women of Oakland county are very to learn of the serious illness of their president, Mrs. A. Wilcox, of Royal Oak.

Miss Baldwin was invited by the Woman's club, of Holly, to come to them Monday last and to report the report on Forestry and Town Improvement given last fall at the Royal Oak meeting.

The Woman's movement in Great Britain is the biggest thing in British politics today, says the latest cable. In the last election in the province of Nyland, Finland, 56,742 men and 55,499 women voted.

There are 5,400 volumes in the traveling libraries of Kentucky. They are supported by the Woman's clubs.

A Religious Author's Statement. For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe attack on my kidneys and was confined to bed eight days unable to get up without assistance.

Themes for sermons: Sunday morning, "Steadfastness;" in the evening, "Repentance."

SAVE IN THE SOUTH

Is The Advice of our old Friend, John Wilkinson, Who is More in Love With Florida Every Day

Dear Sir: Florida once more! The weather is fine, temperature 80 to 90 degrees every day. We have a fine garden, we had lettuce, onions and radishes for our Sunday breakfast.

I have not seen a farmer since I came here, for there is none. You can ride a 1,000 miles in Georgia and Florida and you will not see a corn crib. They plant a piece of corn but they never cut it up, they want any they go to the field and pick it.

There are no big fleas, flies or mosquitoes here. In these parts plenty of jiggers in the woods, but they never bite, they say that they will not bite a hog anyway.

The Meanest Man in Town is the one who always wears a frown is cross, disagreeable, and short and sharp in his answers. In nine cases out of ten it's not the man's fault; it's his liver and digestion that makes him feel so miserable he can't help being disagreeable.

THE OLD MAN. How nice it is to have a daughter live near by. And then you can make a skip. And leave the old man home to die. But this won't always do.

Now this won't always do. Now stay at home, and be kind and true. And make it as pleasant as you can for that poor old, old man.

Too Much Face. You feel as if you had one face too many when you have neuralgia, don't you? Some face you may need it, but get rid of the neuralgia by applying Renne's Pain-Killing Oil.

Mr. and Mrs. George Baum and family appreciate very much the favor and kindness bestowed upon them by the many friends and neighbors during their sad bereavement. Especially do they wish to thank those who so kindly donated the "Wm. Baum flower fund" and are very grateful for all that derived from it.

What Man Do You Strangle?

Some statistician figures that \$250,000,000 every year is being diverted from the local merchants of this country to the mail order concerns in the great cities.

Every dollar so spent helps to SWELL THE HEAP in the city that has no use for it except to get our GOOD MONEY.

Simple Remedy for La Grippe. Racking, la grippe coughs that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar. The sore and inflamed lungs are healed and strengthened, and a dangerous condition is quickly averted.

PASSING OF MISS LAURLA PARTRIDGE. Died, at her residence in Royal Oak village, Wednesday morning at 7:30, Miss Laurla Partridge, age 74 years.

She is survived by two brothers, Phillip, of Detroit, and Ahira, of Vermilion, South Dakota, and one sister, Mrs. Amanda Dingerow, of Detroit. She was a cousin of the late Alanson Partridge, of Birmingham, who at one time was Grand Master of the Grand Lodge of F. and A. M. of Michigan.

THE RIGHT WAY Has to be given Harvell's Condition Powders, which for over 70 years has been the standard of perfection. Why? Because every ounce and particle of the ingredients do their share toward contributing to the quick cure.

WANT GOOD AGENTS. PLEASE READ The McDermick Nursery company, Monroe, one of the most reliable nursery firms in the United States writes us that it wants a good live agent in this section.

How would you like a good big farm in Crawford county, Michigan? The new branch of the An Shable river runs across it, 90 acres of land, 1000 feet wide, 1000 feet long, at \$2,500. Good house 8 rods from the river; abundant water; fine soil; good school; no taxes on the same section; only four acres for housing and farming. Price \$15 per acre.

MY EXPERIENCE WITH HENS.

I had some very nice hens, they were the buff Wyandotte, and had 10 in number. I feed them in self feeders where they could help themselves to the feed as they wished.

We took one to see if we could find the cause. We found where a piece of ground bone had entered the gizzard and stuck fast and had penetrated the gizzard nearly 1 of an inch and badly inflamed.

Just think of our guineas, they never had any ground bone or meat, but they have been known to lay 350 eggs in one year.

Womanly pains, head pains in fact, any pain anywhere can be completely relieved in 20 minutes with one of Dr. Shoop's Pink Pain Tablets.

Send us the names of three or more performers on the Piano or Organ and twenty-five cents in silver or postage and we will mail you postpaid our latest Popular Music Roll containing 20 pages of Sheet Music.
