

THE ANNUAL CHEMIST... WHITEHEAD & NICHOLS... BIRMINGHAM, FRIDAY, JAN. 15.

English prime minister says the house of lords is a set of irresponsible. Now let the lords respond.

Germany will establish three airship passenger lines next year. But for some time there will be no guarantee of the schedule.

France has voted by a substantial majority to continue the death penalty. This will be injurious to persons only who commit crimes worthy of death.

Wealthy natives of India have formed a company with \$7,500,000 capital to erect at Bombay blast furnaces to produce a complete set plant for the utilization of native ores.

That the magnetic influence of the coast of Lapland drew his iron ship ashore and wrecked it was the sworn statement of the captain of the British steamer Sandal to the British board of trade.

It is estimated that the aggregate of waste in all mineral products for the past year amounted to about one million tons a day, and this waste includes the unnecessary coal that is burned in the furnaces and ranges of the land.

Lately we have had expert testimony to the effect that the oil business is hazardous and that the coal business is hazardous. Perhaps in time the phrase, "a hazardous business" will come to mean a business in which there are no hazards.

Of all the schemes put forward to help the unemployed, the most alluring is the proposal by the Glasgow corporation to construct, at a cost of \$50,000,000, a bathhouse capable of holding 100,000 people.

NEWS OF THE WEEK IN THE TRIMMED FORM

Epitome of the Most Important Events Gathered From All Points of the Globe.
