It isn't so difficult to strengthen a weak kidney if one goes at it correctly. And this is true of the heart and kidneys. The old-fashioned way of dosing the stomach stimulating the heart and kidneys is surely wrong. Dr. Shoop first pointed out this error. "Not to the weak or ailing nerves of these organs," said he. Each inside organ has its own "troubling" or "inside" nerve. When these nerves fall then these organs must surely fail. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days' test will surely tell. Sold by Charles J. Shain.
