To Our Friends
What meaning will any of our...
Local option rally at Pontiac next Tuesday.
The county convention of the W. C. T. U. meets at Rochester Nov. 16 and 17.
Seems like some of our kids think the window soaping is to last the entire year. This is wrong—forget it for a year at least.
F. & A. M. No. 44, holds a smoker Friday evening to talk over the plans for the biggest time in years. Don't forget the date, Friday, Nov. 5, and every brother be present.
Mr. Wm. Dickinson of Hamtramck made us a pleasant and very profitable call on Monday of this week. He says Oakland Co. people may "dry" all right, all right, but they can't hump on pedro eye time.
The eldest child of Thos. J. Brown, now of Detroit but who lived on Howell in our village last winter is dead. She was an attractive little girl, with such a sweet disposition, that she was loved by all who knew her.
The Iola Dancing Club of Franklin will give a dancing party at the Public Hall, in Franklin next Friday evening, Nov. 12th '09. You are invited to be present. Pretty invitations are out from the Eccentric press.
Wilmot H. Wood and wife are back again in Michigan, from Montana to which state they went last April seeking wealth and prosperity. We are glad to welcome them back, as well as a whole army of their friends.
The Sigma Tau sorority met at the home of Miss Marion Cliche, on Southfield avenue, Tuesday of this week. After the business meeting, refreshments were served and a social evening passed all too quickly for the sisters.
The wife of James J. Shain, on Ann street, is undergoing great operations. The wing is being raised, the whole roof reshingled, bath, electric lights, and all modern conveniences installed. Ann street is the only avenue in Piety Hill now as being built.
Dr. E. Mather, of Detroit, writes us from Chicago where he has been called in consultation with J. R. Price, M. D. of the big western city in consultation over a case of cancer. Dr. Mather receives calls constantly from all over the U. S. in bad cases of this kind.
E. J. Kinnisten and family will make Detroit their future home. They have a pretty cottage on Theodore street, and with good situations for both father and son Kenneth, the future is very promising. Birmingham has sustained a loss by their removal after many years residing in our village.
It is getting the time of year when it makes the R. D. mail carriers think hard words when he has to take off his mitts to dig a few pennies out of the mail box because the patron has neglected to procure the necessary stamps.
From now until the warm weather next spring people on rural routes should provide themselves with stamps and save their mail carrier a whole lot of trouble during the cold days.
Theo. Blumberg has again in dear old Michigan, after a good visit with his son Neil, who is head fork walker for a house in Kansas City, whose department store is as large as any in Chicago. Neil has a fine position and is universally liked. Theo. returns nearly dead with a bad carbuncle on his neck, that makes the good man look pale, weak and thin. He will recover, now that he is back in Michigan.
Soap marks on the windows is a new stunt for Birmingham kids on Halloween. All the merchants watched the girls and boys mark up their windows to their heart's content, and Monday all washed up without the expense of soap, as it had already been applied. Nothing of a startling nature was done by the usual pranks. One enterprising kid from the top room of the postoffice building dropped a 25 lb. flour sack full of water on a passerby on the walk below—and escaped. Was the man mad? Dunder und hitzen!
Birmingham Lodge M. B. A. is not acting. Last Friday evening they held a special meeting in their rooms in the Ford Block, and three ladies were initiated into the mysteries of the order. There was a goodly attendance of members, and also a visitor present. Mr. Claude Rix, now of Birmingham, formerly a deputy for the M. B. A. After the work all adjourned to the banquet hall, where a bountiful Halloween supper was served. It is needless to add that all did justice to the spread. This is only one of the many enjoyable evenings that the members of the M. B. A. are anticipating.

Elgar R. Bloomer, aged 54 years, for the past 10 years editor and proprietor of the Sparta Sentinel-Leader, died Saturday night, Oct. 9, from typhoid fever, after an illness of three weeks. He is survived by a widow and five children, three sons and two daughters. Mr. Bloomer went to Sparta from Farmington, where he was publisher of the Farmington Enterprise. The funeral was held from the F. B. church the following Tuesday. Mr. Bloomer was an enterprising, successful newspaper man and had built up his property into a good one. He stood high in the esteem of his townpeople.
The Harbor Beach Times says: Dr. George P. Raynale is moving his office from the Huron County Savings Bank building, into rooms over the C. E. Pettit drug store. In the new location the doctor will have more room, and under the new conditions he will have some of the finest and most complete suite of office rooms in the county, including large and well lighted reception, consultation, operating, laboratory, bath and toilet department. Rev. C. L. Arnold, of Detroit, will conduct services at St. James' church next Sunday morning, Nov. 7, at 10:45. Holy communion will be celebrated. Rev. Arnold is one of the most successful men of this Diocese and his sermons are always energetic and helpful. He has many friends and admirers in Birmingham. Rev. F. D. Cutting, of Birmingham, was to have conducted service last Sunday very ill and unable to send word. Bishop Williams is still looking for the right man to fill the pulpit at St. James' permanently. His opinion is, that it is better to take time and get the right man, than the right place than to be in too much of a hurry and get the wrong man. The vestrymen of the church, while anxious to secure a rector, recognize the force of the Bishop's opinion and are trying to be patient.
Up at the old Cooper farm nowadays Wilborn B. Harris hardly ever knows himself, so great, and fast and many are the chances occurring there all the time. Two in pasture sows have been completed, 18 feet across and 28 feet high, built of cement blocks and finished and filled. A dirt road of cement blocks, 80x300 feet, is now up of grade line. This immense barn will be built of cement blocks under the direction of Contractor Hansen, of Detroit, 120 cows will be kept in this barn and here the milk will be bottled and shipped to the Walker-Gordon laboratory in Detroit, which is sterilized and prepared for babies and sold at a pretty price. The milk house and dairy store room will be soon finished. This is a 1200 story building 60x141, and is to be of veneered brick for first floor and concrete the balance. W. B. Harris is still manager of the farm and Mr. Ira O. Johnson is grand commander. Everything about the ranch is moving and by spring the old Cooper farm will have a national reputation as the home of the Walker-Gordon milk producing farm.
