Nervous Break-Down

Nerve energy is the force that controls the organs of respiration, circulation, digestion and elimination.

When you feel weak, nervous, irritable, sick, it is often because you lack nerve energy.

And the process of rebuilding and sustaining life is interfered with.

Dr. Miles' Nerve Tonic has cured thousands of such cases, and will we believe benefit if not entirely cure you. Try it.

My nervous system gave away completely, and left me on the verge of the grave.

I tried skilled physicians, but without permanent relief.

I got so bad I had to give up my business, and I continued to improve until entirely cured.

My druggist sells Dr. Miles' Nerve Tonic and authorized him to sell it in price of retail bottle (only) if it fails to benefit you.
