

ROBBERY

SYNOPSIS

A sailing fleet of five vessels... including the battleship, the transport ship, the tugboat, the steamer, and the schooner...

Scream of Shot and Shell Broke Into a Pandemonium.

The darting hawk would have had more chance than he before this onslaught... The admiral was still crouching like a man prepared for a blow when Norma...

fleet witnessed the beginning of a catastrophe... Of what use were guns against these strange visitors, whose only human mark was the flag of the despised enemy?

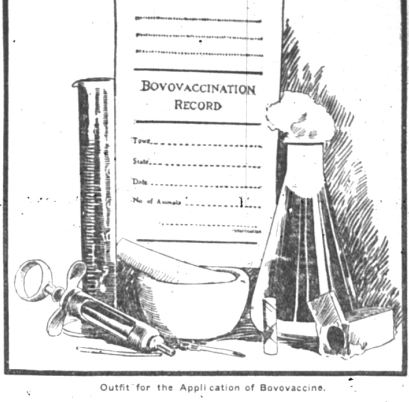

gunners, when the Katori was threatened, but it was futile, and, reading their doom, they waited their turn... From the thick glass of his porthole the admiral looked down upon the...

Decision Upon Which Country Squire Is Still Deliberating... "That is a complicated question," said the steersman of a certain practical proposal.

VACCINATION AGAINST TUBERCULOSIS IN CATTLE

Good Results from Use of Bovovaccine, the Discovery of Von Behring, German Bacteriologist—By H. L. Russell and C. Hoffman, Wisconsin Agricultural College.

ILLUSTRATED BY T. WEIL

Record for the Application of Bovovaccine.

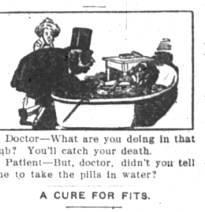

In combating tuberculosis of domesticated animals, two methods are commonly resorted to, namely, the use of the tuberculin test and the use of the Pasteur treatment for rabies and anthrax...

Numerous attempts have been made by scientific investigation to devise systems of vaccination against tuberculosis that will render susceptible animals resistant to invasion... Sheep Eat Poisonous Plants—An impression prevails generally that sheep and other animals have an instinct that tells them what plants are good for food and what plants are not.

Put Manure on Garden—Begin to prepare for next year's vegetables by fertilizing the garden... For the Starting of Early Celery

Celery growing on a commercial scale has received most attention in the "muck-bucket" corner... Celery seedlings are raised in the open air...

A CURE FOR FITS.

The Treatment Is to Accomplish What Science Has Been Struggling to Intend for Centuries.

"I cannot be," sighed the maid... "I respect you highly, Mr. Hunter, but we are incompatible."

The Trouble. A maid servant in the employ of a Brooklyn woman was left the other day in charge of the children while her mistress went for a long drive.

A Tabled Fable. A man once collided with an opportunity. "Why don't you look where you are going?" growled the man.

DIDN'T REALIZE. How Injurious Coffee Really Was. Many persons go on drinking coffee year after year without realizing that it is the cause of many obscure but persistent ailments.

When Leg Weakness Comes—Leg weakness sometimes affects the legs through mid-winter, and while not fatal, nor a contagious disease, it fixes the hands for the day and for nothing else.

The Right and Left Hands. The touch of the right hand is generally more sensitive than the left.
