**WHY PAIN YOUR ROOF?**

Remember that every coat of paint adds about 75 cents per square to the cost of a roof, and is a load of bother as well; particularly if the roof requires it every year or two.

**J-M ASBESTOS ROOFING** requires no coating or painting to preserve it. It is made of Asbestos—an indestructible mineral—not a paper or wool felt. Resists fire, water, decay and rust and is the only permanently durable ready Roofing made.

Asbestrome is an Asbestos Siding for buildings and is the most economical, durable and easily applied siding known.
