50c. and \$1.00 Bottles. REFUSE SUBSTITUTES. ALL DRUGGISTS.

**WHY PAINT YOUR ROOF?**

Remember that every coat of paint adds about 75 cents per square to the cost of a roof, and is a lot of bother as well; particularly if the roof requires it every year or two.

**J. M. ASBESTOS ROOFING** requires no coating or painting to protect it. It is made of Asbestos—an indestructible mineral—not a paper or wool felt. Resists fire, water, decay and rust and is the only permanently durable ready Roofing material.

Asbestos is an Asbestos Roofing for buildings and is the most economical, durable and easily applied siding known.

Ask for samples and prices.

**RISKED LIFE FOR COUNTRY.**

Capt. Tibbets of Maine Resisted Arty. Cannons, Threats and Bribery to Keep Power from Rebels.

All the patriots and staunch unionists who claim Maine as their country didn't volunteer to go to the front and carry muskets during the civil war. Many of them performed even greater deeds for their government in peaceful pursuits.

One man who risked his fortune, his reputation as a successful ship master and took his life in his hands to perform a service for the government at a time when such services were needed, was Capt. Lincoln W. Tibbets of Portland. It was 45 years before congress recognized his just claims and paid the debt it owed Capt. Tibbets.

**Invest in Timber**

A VISIBLE INCREASING SECURITY

**20% Earnings**

**THE MICHIGAN PACIFIC LUMBER COMPANY**

Commenced operations April 1st, and reports are received from the Camp regularly. Logs are now being delivered to the mills at the rate of 150,000 feet daily—a profit of \$6.00 per thousand feet; \$600 per day, or \$100,000 per day. These are facts, not estimates. The Company will market 300,000 feet daily next year—figure for yourself what the profits will be. At this rate it would take twenty-five years to cut the timber.

If you are interested in learning how money is made from operation in Timber, write us for copies of the reports as they come from Camp.

**PROPERTY**

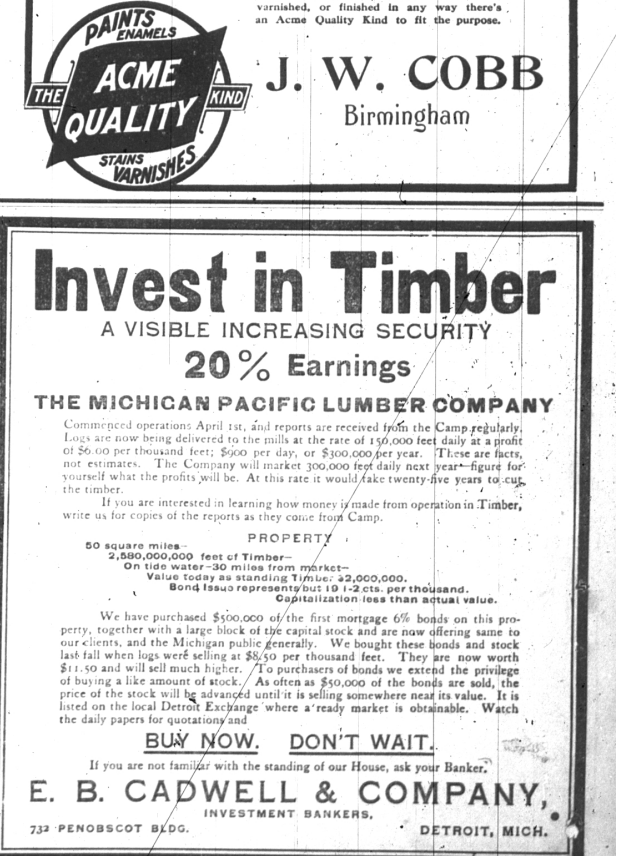

60 square miles—  
2,080,000,000 feet of Timber—  
On side water—30 miles from market—  
Value today as standing timber: \$2,000,000.  
Bond issue represents only 1-2 cts. per thousand.  
Capitalization less than actual value.

We have purchased \$300,000 of the first mortgage 6% bonds on this property, together with a large block of the capital stock and are now offering same to our clients, and the Michigan public generally. We bought these bonds and stock last fall when logs were selling at \$8.50 per thousand feet. They are now worth \$1.50 and will sell much higher. To purchasers of bonds we extend the privilege of buying a like amount of stock. As often as \$50,000 of the bonds are sold, the price of the stock will be advanced until it is selling somewhere near its value. It is listed on the local Detroit Exchange where a ready market is obtainable. Watch the daily papers for quotations and—
