

# AFTER SUFFERING ONE YEAR

## Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me well woman and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. Had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope it can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." Mrs. E. W. M. 1322, 535 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond question that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every suffering woman owes it to her health at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

# When We Honor the Heroes of Two Wars

MEMORIAL day, the grandest day of the year, is being celebrated by the people of the United States, as the people of the world are being reminded of the heroes of two wars.

The heroes of the first war were the men who fought for the Union, and the heroes of the second war were the men who fought for the Republic.

When we honor the heroes of two wars, we honor the men who have given us the freedom we enjoy today.

We honor them for their courage, their sacrifice, and their devotion to their country.

The heroes of two wars are the heroes of all times.

We honor them for their bravery and their loyalty.

Let us learn from their example and strive to be like them.

### MENACE IN OCEAN DELICTS

When a ship disappears beneath the waves it is by no means certain that it will never be seen again. It may be wrecked in a few days or a few hours, and continue afloat for months, a constant menace to navigation.

Some years ago a coal-laden schooner... The schooner was sighted floating to the north of Cape Hatteras...

When a ship has been down long enough to become thoroughly water-logged and riddled by waves, it never rises again from its ocean grave.

When a ship has been down long enough to become thoroughly water-logged and riddled by waves, it never rises again from its ocean grave.

The man who hates to see things ruined... When a ship has been down long enough to become thoroughly water-logged and riddled by waves, it never rises again from its ocean grave.

There is one thing, at least, that we can learn from the English—how to appreciate country life.

When a man is very proud, that you would call stuck up... When a man is very proud, that you would call stuck up.

Though his complexion was pale green, he managed to totter to the front on the third day after leaving bed. There he met an exasperatingly jovial and healthy-looking passenger.

"Well, you see," replied the other, "each time that I planned to get on deck something kept coming up, so I had to postpone the trip."

## William Jennings Bryan buys a farm in the Gulf Coast Country

He has purchased 160 acres of irrigated land near Mission, Hidalgo Co., Texas. Forty have been cleared and planted to orange, lemon, grape fruit, fig, olive, peach, almond trees, etc., and if they "do as well as he expects" he will build a home and spend a portion of his winters there.

William Volz, from ten acres in the same neighborhood, shipped 5,000 crates of Bermuda Onions from 10 acres at an average price after all expenses paid—of \$1.00 per crate—\$500 an acre.
