Mr. Blair formerly resided there. H. S. Gardner and George Frayne, with their families, are spending a couple of weeks at White Lake. Mr. and Mrs. Roy Stevens have gone to Ann Arbor, where Mr. Stevens will attend school for about eight weeks.

Our heart goes out in sympathy for Mrs. Gould, who is only allowed an annuity of \$36,000. What will the poor girl do? George Scott has had a very painful finger. A short time ago he cut it with a putty knife, and blood poisoning developed.

Mrs. Sarah Sutton spent several days at Watkins Lake the past week, boating and fishing, and reports having had a very pleasant time. Irwin Bell celebrated his sixth birthday, Saturday, by inviting several of his little friends, and the little folks had the time of their lives.

Mrs. Charles Felker and Mrs. Frank Freer and son, of Detroit, were pleasantly entertained at the home of Mrs. A. C. Campbell, over Sunday. William Hillock, who recently moved here from Ithaca, New York, has moved back—the climate here not being conducive to the health of his wife.

The funeral of Mrs. William Anson, who died in St. Mary's Hospital, Detroit, was held from the home east of this village on Sunday, at 1:30 p. m., and the remains deposited in the family lot in Royal Oak Cemetery.

In a hotly contested game of ball here, Saturday afternoon, the home team defeated the Pontiac nine by a score of four to three. Batteries: Royal Oak, Cronkush and Robbins; Pontiac, Ferguson and Sibley.

This town seems to have lost all its old-time patriotism. In former years there was always something going on the Fourth. The only thing we have seen thus far to remind us that the Fourth was approaching, was a small firecracker.

Mr. and Mrs. Wm. Ebling, of Detroit, and formerly of Big Beaver, were the guests of Mr. and Mrs. Harry Simpson on Sunday. W. H. Lamb & Co. would seem to be preparing for a famine from the quantity of flour and feed they put in. However it never seems to accumulate.

Mr. Tyrrell, of the Gleaner Temple, Detroit, was in the village Monday inspecting the fine fruit farm of Dr. Scindander, with the object of purchasing the same. We are sorry to learn that Frank Roggenhoff has been feeling poorly last week. We miss his genial personality about the village and hope to see him around soon.

"Coming events cast their shadows before," and the small boy of our little burg seem plentifully supplied with the necessary Fourth of July equipment. Beware of the lockjaw germ. Friday evening the village withstood a lively cannonade. The ordinance was mounted in the street and was ably manned by several adept gunners among whom were George Harris, Palmer Howlett, Mr. Jacquelin and others.

Mr. and Mrs. Frank Smith of Detroit, Mr. and Mrs. Marion White, Gustav Shultz, and Miss Josephine White all spent last Sunday, with Mr. and Mrs. E. G. Tucker. Don Ellwood celebrated his 10th birthday anniversary, and his Uncle George Rusch dined for his 55th. Well you talk of a big time! Ask Dun how his Uncle George acted at the table—worse than a boy of sixteen.

I. N. Vorheis and family spent part of last week at father Crawford's summer home, on the bank of Walnut Lake. A good time the children had, but think of poor I. N. being chief cook and milk-bottle washer! All game home safely, happy and well.

Just a word now for good roads! Mr. Henry Benoit last week with his good help just put that road of Joe Miller's one mile north and south, in better shape than it has ever been before. Everybody that drives over it says the same: all the same like it was paved. Say, Henry comes over this way with your big 4.

A falling tire nerve, no larger than the finest silken thread, takes from the heart its impulse—its power—its regularity. This nerve, which is hidden or inside, nerve. It was Dr. Shoop who first told us it was wrong to drop a word or a fancy on the heart or kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of the ailments—these weak and faltering inside nerves. This, no doubt, clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days become fully convinced of its wonderful merit. Anyway, don't drop the organ. Treating the cause of sickness is the only sensible and successful way. Sold by Charles J. Shain.

TROY

Elmer Maitrot has a fine new auto. Elsworth Maitrot is recovering from the measles. Miss Robie Niles was the guest of Mrs. El. Williams Thursday p. m. Mrs. Roegner and son, who have been very ill, but are convalescing. Dr. Anderson was called Friday to attend Mr. Richards, who was taken suddenly worse. E. D. Cutting, Park and son went fishing at Long Lake Thursday. Four large fish and plenty of small ones were caught. Rev. Cross and family and their red auto are the delight of the village. No excuse for not receiving a call from the pastor now days. A party given by Catholic folks at the hall Friday night made the sick and the well wish that they had left their laughter in the hall. Mrs. Jason Scott has been entertaining cousin, Dr. Joe Land of New York. He was a delegate to the homoeopathic convention held in Detroit. Cutting & Son's store looks fine in white and green. Jarvis did the work, and he will also do some remodeling in the kitchen of the Park Cutting home. The German event of the season will be the big wedding of Miss Mary Millerbrand, of Troy, and Mr. Becker, Thursday. A big dance will follow the nuptials. The party who took a telescope with Sarah Parker's name on the top of it, will be the big wedding of Miss Mary Millerbrand, of Troy, and Mr. Becker, Thursday. A big dance will follow the nuptials. The old Ancomb farm near the Beaver woods was purchased and placed in the Plains cemetery last week.

The enterprise of Mrs. Maggie Clark and mother, who solicited funds for the well in the Plains cemetery, are asked to accept grateful thanks from the many people who have long wished for a well in that resting place for the precious dead. A creek well and a good force pump are ready for use.

Life 100,000 Years Ago. Scientists have found in a cave in Swaziland bones of men who lived 100,000 years ago, when life was in constant danger from wild beasts. Today the bones are shown by A. W. Brown of Alexander, Maine, largely from deadly disease. "If it had not been for Mr. King's New Discovery," he writes, "suffering as I did from a severe lung trouble and stubborn cough, I am sure I would have died long ago, and prevent pneumonia, it's the best medicine on earth." 50c and 25c. Guaranteed by James W. Cook, Charles J. Shain and James F. Wooster. Trial bottle free.

FRANKLIN

Mrs. George Power, of Farmington, remains about the same. Mrs. E. Miller and aunt from the Soo, visited their niece, Mrs. Bethune Bigelow, recently. Mrs. Brown, of Chicago, is visiting her son, Wm. Brown, of this village, and intends remaining with him until September. The L. F. M. society will meet the first Thursday in the month of July at the home of Mrs. Hattie Evans. All are cordially invited.

It is reported that a miscellaneous shower is to be given Saturday at the home of Mrs. Frank Adams in honor of her cousin, Miss Carrie Miller. Wedding bells have been ringing in this village again. Cupid has been casting his dart in this direction and succeeded in taking some of our fair-

Mr. and Mrs. Glenn Bingham, who recently purchased the Melville farm near the English settlement, will soon move from here and take possession of their new home. Success to them. The announcement cards are received here stating that Mrs. Alice Grinnell was married, on June 24, to Mr. Porter, of Cincinnati, Ohio. Congratulations are extended from this village for future happiness.

A miscellaneous shower was given for Florence Gamble recently at the home of Mrs. M. Voorheis. Twelve young friends were present, from Detroit and surrounding country. A jolly time was enjoyed by all, and all wish the bride many happy days for the future.

The glorious old 4th will soon make its appearance and young America is looking forward to this as one of the best days of all the year. Franklin will celebrate with fireworks and a party on Monday evening, July 5. A good time in general will be in order. Come and help the association with your presence.

Mr. and Mrs. W. Wood entertained at a reception Friday evening, given in honor of their son, J. Batehan and wife, who have just returned from their wedding trip at St. Louis. A large crowd was in attendance consisting mostly of friends and neighbors of the family. The out of town guests were Leon German, of Lansing, Mr. and Mrs. Delling, of Farmington and Miss Wallace, of Detroit. The happy couple were at their best, and it was amusing to hear how easy the groom could say "my wife." After a dainty luncheon served on the veranda and lawn, the Franklin orchestra dispersed sweet music throughout the evening. The time was limited to 10 o'clock, but the guests being so highly entertained overreached that hour somewhat. The presents were exquisite all wishing the newly married couple many returns for the future, after which all wended their way to their respective homes. The house was splendidly decorated with ferns and June roses.
