Great times at Woo-Burn Tuesday of this week when Bill Chittenden entertained at luncheon the Detroit Tigers. Hughie Jennings and Tyrus Cobb were there and to give the visitors something new, a game of ball was indulged in. Great times among a great lot of fine players.
The Oakland Realty Co. insures carefully and correctly. We have the best company in the world. Read the following clipping: "The Continental sells the most secure fire insurance obtainable. It is not surprising that 26) exclusively protecting American policy-holders is larger than that of any other company."
A card from Moab, Wash., one of the souvenir kind, with two pretty girls bathing attire, comes to the ECCENTRIC office from Dr. N. T. Shaw with the following note: "We're at the beach with Mr. and Mrs. Truax. This is a big country for fruit: it will beat them all in a few years. Mr. Truax and Mrs. Cox last night—they are well and are doing well. N. T. S." and Truax adds, "Hello, you old democat." The doctor and his wife are having good health, a fine trip, meeting many friends and are soon to return. In the meantime Mr. Cox's business is keeping house and caring for the children in grand style.
We heard a good joke on a lady acquaintance not 100 miles from our little city where "living is worth while." It happened at breakfast with three or four out of town visitors seated and this good lady exclaiming herself to fill them all up and make them happy. Pancakes, the goodness of which she prides herself, was the principal feature. She half, but not like the looks of them and felt that something had gone wrong but urged them all to eat heartily, which they did, liberally covered with ham gravy, maple syrup and hot butter. After everybody had padded their jackets with pancakes, she having to step into the kitchen made the discovery that she had used powdered borax instead of soda in her cakes. Tableau. All were still living at last report.
Business in Justice A. W. Campbell's office is just booming. Judging from a look over his docket we find the following cases recorded. Harry Van Horn, who resides in this village, and a notary for the D. U. R., was summoned on Wednesday afternoon last week, by Marshall Smith before Justice Campbell, charging him with riding a bicycle on one of the sidewalks without first obtaining permission of the village council. Contrary to the village ordinance No. 21, an ordinance prohibiting the riding of velocipedes, bicycles or tricycles on the sidewalks in the said village. He was arraigned before the Justice court and pleaded guilty. The court passed sentence that he should pay a fine of \$2 together with the cost of prosecution amounting to \$5.70, or be committed to the county jail for a period of 10 days. VanHorn paid the above fine and costs and thereupon was discharged by the court. William I. Deer, who resides in this village, was summoned on Saturday forenoon last on a warrant issued out by Charles H. Haynes before Justice Campbell, charging him with riding a bicycle and battery. He was arraigned before the Justice court the same day, and pleaded not guilty. The court adjourned the case for trial to the 3rd day of September, 1929, at 9 o'clock a. m., put him under \$200 recognizance to appear at said time and place.

One of our real estate men recently said that he had never seen a more modern, up-to-date house if he had them. This, fact, with seven new houses built this summer, and not a desirable house empty, does not make it look as though local opinion had turned the town. More than that, every grocer in town is telling how his trade has improved during the past year.
