people and had a lot of friends. After the wedding dinner was served, Mr. and Mrs. Anderson left on their honeymoon trip to Ontario, where they will visit Toronto, Niagara Falls and the Thousand Islands. They will be at home to their friends in this village on their return on September 11.

E. W. Mason, of this place, in behalf of the prohibition party of Oakland county, is authority for the statement that the prohibitionists will endeavor to persuade the supervisors to refuse to submit to the question of prohibition to the electors next April even if the required number of petitioners are presented to the board at its meeting in October. Mason is authority for another statement—that if the supervisors vote to meet on the question, the prohibitionists will seek to effect this action on the ground that the section of the local option law providing for a re-submission is unconstitutional. A U. S. court decision in which the claim of unconstitutionality is based, reads as follows: "No legislation can bargain away the public health or the public morals. The people themselves can not do it, much less their servants, the legislators. Local attorneys who have represented the anti-saloon league in the past are unaware of any such action on the part of the league and refuse to discuss the probable outcome of such a course of procedure. The prohibition party and anti-saloon league are separate and distinct organizations."

The Road to Success Has many obstructions, but none so desperate as poor health. Success to the average man is health. The greatest health builder the world has ever known. It compels peristalsis of stomach, liver, bowels, purifies and enriches the blood, and tones and invigorates the entire system. It is the only medicine that follows their use. You can't afford to neglect Electric Bitters if weak, nervous, sickly. Only 50c. Guaranteed by James W. Cobb, Charles J. Shain and J. F. Wooster.

Speaking about chickens! If you want to eat your eyes for once, just call on our old friend, Frank Floyd, on Pierce Street, and you will see about 500 Rhode Island Reds—as fine a bunch as you will find in a year's past. Don't miss it. He has just put up six more and is just as good as sold. Chickens as a man would be if he owned a gold mine.

On Tuesday of last week Earl Russell was considerably shaken up. He met his father's team at the Seventh Road, hitched his horse behind, and started to drive the outfit home. A passing auto scared the horses so they got mixed up in a near-by ditch, fortunately without injury to the young driver. The elder Russell had continued to drive, and just as he was disposed of his load of kutter and eggs.

It's a pity when sick ones drug the stomach and strain the heart and kidneys. That is all wrong! A weak stomach means weak stomach nerves, and also means a weak heart and kidneys. The weak nerves are instead crying out for help. This explains why Dr. King's Restorative is promptly helping stomach, heart and kidney ailments. The Restorative reaches out and the actual cause of these ailments—the failing "inside nerves." Anyway, test the Restorative on your stomach and you will see that, but you will surely know that help is coming. Sold by Charles J. Shain.

Atomatic Pains relieved by use of Dr. Miles' Anti-Pain Pills. 25 doses 25 cts.

Are You Sick?

Much sickness is due to a weak nervous system.

You may be. If it is, you cannot get well until you restore nerve strength.

Your nervous system is nature's power house; the organs of your body get their power from it.

If the power is not there, the action of the organs is weak, and disease (sickness) follows.

Dr. Miles' Nervine cures the sick because it soothes the irritated and tired nerves and gives the system a chance to recuperate.

Try it, and see if you do not quickly feel its beneficial effect.

It was given up to die by a leading doctor. One of Dr. Miles' Nervine cures the sick because it soothes the irritated and tired nerves and gives the system a chance to recuperate.
