Warner-Crampton Law Will Wipe Out 1,000 Saloons in the State

Does Not Think Very Much of Local Option

and Makes a Slam at The Recent Big Banquet.

Pennies are a Great Source of Trouble and Annoyance to The Patient R. D. Carrier.

At the Home of Mrs. T. C. Williams Jan. 18, and a Very Interesting Program Was Carried Out

Fine hundred saloons in Detroit may be forced out of business April by the Warner-Crampton law, according to the estimates made by the anti-saloon league on data now being collected by the attorneys for the organization.

Editor ECCENTRIC: Local Option or Open House? Did you have a feast on some of the good things on deck, and a drink as well? When the Optionists held their banquet? Coffee and tea! Was the coffee good and strong? How about the tea, was it full of gossip? Now, Mr. Editor, it seems to me that all these people are not as consistent as they might be. No doubt their intentions are good, and all for the best. But is it best? Does local option produce the desired result? Does prohibition prohibit? Let us voters look at this matter seriously, and study the question in all its bearings and not be carried on the crest of a wave of virtue. Ever since a tea bore an apple, a vine a grape, or corn grew on a stalk, spirituous liquors have been manufactured, sold and drunk in spite of all man's prohibition the same. Now, as a matter of fact there need not be a fluid in the human system, and it is manufactured, and publicly sold in any state or county unless a majority of the voters of such state or county voted to have it so.

Washington, D. C., Jan'y 25th. 10. To the Post Master: In view of the extent to which the practice of placing loose coins in boxes by rural patrons has grown, and the delivery and collection of mail and the hardship imposed on rural carrier incident thereto, you are informed that, commencing February 15, proximo, rural letters carriers will not be required to collect loose coins from rural mail boxes.

The union meeting met with Mrs. T. C. Williams Tuesday, Jan. 18. The meeting was in charge of Mrs. Deer, first vice president. After scripture reading and prayer by Mrs. Whitney, roll was called by secretary pro tem, Mrs. McKinley. Miss Eva Giddy gave a reading, "When the King Comes to His Own." A paper by Mrs. McKinley, "Our Outlook for 1910." We are engaged in a war many battles of which will be fought this year, these battles will be more fierce than any yet fought in our own state, especially in our own county. The evil one is awake and ever before and he is not easily conquered, it is a battle of truth and righteousness opposing the greatest evil of our day. The battle is the Lords and we must press onward and onward; and not forget that more than ever before are joining our ranks and falling into line. The weapons used by Satan are cowardice, selfishness, ignorance, lust, falsehood, theft and hatred. The weapons of Jehovah and those under his command are truth, self-denial, education in public schools, sermons, lectures, prayer and faith in the promises of our God.

A like number of saloons out in the state are expected to be forced to put up the shutters at the same time, and the result will be the elimination of 1,000 drinking places in Michigan.

Now again, are you consistent, Mr. Voter? Let us see upon what night before election to be Sunday night, and the call for a Union Temperance meeting has gone forth,—the church doors are thrown open for that purpose, and you are all there, Methodists, Baptists, Presbyterians, elders and lay members, preachers, teachers and all. The preachers preach! the teachers teach! the prayers pray! and God is told over and over again what to do, and how to suppress the liquor traffic, and you all wrangle your way to your homes in a most exalted mood. The next day, Election day,—go down to the election booth, and vote your party ticket straight, republican or democrat as the case may be.

Patrons should enclose coins in an envelope, wrap them securely in a piece of paper, or deposit them in a coin-holding receptacle, so they can be easily and quickly taken from boxes, and carriers will be required to list such coins, and, where accompanied by mail for dispatch, attach the requisite stamps.

After such a review of the forces engaged, we can say to one another as Elijah said to his servant, "Fear not, for they that be with us are more than they that be with them."

The closing of so large a number of saloons means that the local option fight in Michigan next spring will be 10 times as intense as that of last spring, because all the interest involved, both wet and dry, realize more keenly the tremendous import of the law.

From this vicinity Editor Mitchell, wife and daughter, were local patrons representing the Birmingham ECCENTRIC and Mr. Harry S. Gardner, of the Royal Oak TRIBUNE representing the TRIBUNE.

This should be promptly announced to the rural patrons through whatever means you may employ, without expense to the department, and you are at liberty to give the information embodied herein to your local papers for publication, if they so desire.

The meeting adjourned to meet with Mr. Arthur, Feb. 3. This is our annual meeting. All members are urged to be present.

Local option elections, on the proposition to close saloons, have been ordered in no fewer than 18 "wet" counties, as follows:

The Lincoln Banquet at Pontiac Feb. 4, Promises to be Better Than Ever This Year

To any particular brand of Coffee?

Tuesday the Woman's club of Birmingham met at the home of Mrs. Stearns. A goodly number was present, most of whom responded to roll call with quotations from American Humorists.

At 5 o'clock Brother VanZandt of the D. U. R. advertising bureau, took charge of the boys and soon landed them at the big D. A. A. show at the Wayne pavilion where we sat under the popular and rapid seller, Brush Rin About at \$450 to the big White Packard sold to King Ed for \$10,000 were on exhibition. We met Don Brush who had charge of the Oakland car and his sales were numerous and very satisfactory. The show was fine and immensely profitable to the public in general. At 7 o'clock Mrs. VanZandt rounded up his country cousins and safely delivered them all at the Griswold House.

Editor Mitchell, of this paper, and Houseman, of Grand Lodge, with Frank Ellsworth, secretary, formally presented at the craft Mayor Breitmeier of Detroit, and Governor and Mrs. Wagner, which meeting was enjoyed by all earned name for hospitality and caring for their guests. A banquet of six courses was served to 125. Mr. Schermerhorn, of the Detroit Times was toast master. Mayor Breitmeier in a neat speech welcomed the scribes and won the hearts of all by his pleasant manner. He certainly has his trousers as many of the boys in their street railway mix up, but he assured us all that it would end right with a three-cent fare and universal transfers. That mayor is a winner. But we could all whom he addressed just the same. Governor Warner followed in a neat and happy speech, inviting the craft for the second time to come and visit him again at his country home at Farmington or his summer home at Cass Lake. Edgar A. Guest, of the Free Press, whose "jingles" are known throughout all Israel, gave us some of his humor and won everybody by his manner, mind turned the right way, making people happy. All too early we had to return home leaving a happy lot of people, satisfied and contented.

Some good speakers have been engaged for the event and James V. Bany, of Lansing, state insurance commissioner, will preside as toastmaster. A good number have already secured tickets and from the present outlook Royal Oak will be well represented. No doubt arrangements will be made to hold the last car until the banquet is over.

The president appointed Mrs. Brown to fill the vacancy caused by the resignation of Mrs. Satterlee.
