We Want to Build a Smelter

The Montana Nickel & Copper Co. owns 12 mining claims at Nye, Sweetgrass County, Montana.

It has one vein of nickel ore, 30 feet wide, that will average 5 per cent nickel, 3 per cent copper and \$4.00 in gold.

There are only two other nickel mines in the United States, and we imported \$2,500,000.00 worth of nickel last year.

The first 20 men who bought stock in this company live within 30 miles of the property.

We are offering a few shares of stock at 25c per share to build a 100-ton smelter.

Would you consider and investigate a proposition that will pay more than 20 per cent, and may pay safely 50 to 100 per cent? If so, write for prospectus without delay.

Detroit News Acknowledges Success of Osborn's Campaign.

The Detroit News has been anything but friendly to Chas. S. Osborn since he entered the gubernatorial campaign. But the News has been compelled to acknowledge the force of Mr. Osborn's campaign.

In a recent issue, commenting on the situation in the state, the News says: "Osborn's picture is appearing in more state papers than Kelley's or Mussemann's. But Osborn has been an editor himself and will draw an interest in a paper. This may account for it. Judging from reports emanating from various sources, his style of speaking is the Governor's. Warmer administration and at Cannonism and Aldrichism and Ballingerism and some other things which bear the official stamp of the great old party and which the Julius Caesar Burrows stand-patters regard as sacred, is helping him. It is not so much the specific things he is alleging as it is the fact of doing it. One of the old party veterans expresses the case in these words: 'The people of the country have been unconsciously educated. Colonel Roosevelt, and now they side with the candidate who hits with a bicyclist stick or a slap-stick, as against the candidate who never uses a weapon more wicked than a sugar-coated club of straw. The merits may not always be with the wielder of the bicyclist stick and the slap-stick, but that doesn't make any difference. By the way, you recall that Mr. Pingree's favorite weapon is a stout club, and he was everlastingly cracking the heads of the stand-patters of his party. Were the masses with him? I guess yes.'"

Osborn is already engaged for a Memorial Day address at Bellevue with State Senator Frank Shields of Howell as a speaking partner."
